1. Introduction

With a view to provide/make access to quality education among interested persons and producing visionary and dynamic leadership on development and social engineering the vision, mission, goals and objectives of SDSE are as follow.

2. Vision

The School of Development and Social Engineering is to be developed as a Centre of Excellence by leading the contemporary academia in the higher education of development and social engineering thereby producing capable human resources with dynamic leadership capability which is dedicated to sustainable human development and social justice in accordance to the goal of Pokhara University of being one of the leading universities in South Asia.

3. Mission

The mission of the School of Development and Social Engineering is to advance, promote and propel the social, economic, political, cultural, governance, and environmental development of the Nepalese society through teaching, research and study, innovation, training, community and public services, and intellectual leadership in the field of development and social engineering by providing students, researchers and knowledge aspirants a window to the nation, South Asia region and the whole world through development and social engineering.

4. Goals

Both society and development take the path of evolution and their studies and stock of knowledge take scientific approach, i.e. achieving intellectual insights as well as technical and practical skills needed for the dynamic structure, process and behaviour of development and society through understanding, observation and experiment. Thus, the study of development and society will bring immense stock of knowledge from contemporary disciplinary subjects like economics, geography, law, management, political science, sociology and anthropology as well as natural and environmental sciences into contemporary focus on development and social engineering to address the future need of the professional and academic human resources for development and societal transfiguration. Considering this future requirement of the society, the goal of the School of Development and Social Engineering is to produce professional and academic leaders on development and social engineering with scientific knowledge, intellectual insight, technical know-how, and practical skill (SITP) by cultivating among these leaders the capability and quality of independent thinking, critical analysis, self-awareness, professional competency and academic proficiency, which are based on disciplinary clarity, multidisciplinary distinction and interdisciplinary comprehensiveness. The path of the School of Development and Social Engineering

(SDSE) to these goals is to develop it as a Centre of Excellence by excelling teaching, research, publication and outreach and produce junior, mid- and expert level quality human resources that is capable to provide leadership to the contemporary development and social engineering thereby enabling the nation to achieve the desired end of sustainable development and social justice.

5. Objectives

To bring the vision into reality by accomplishing the mission set and to achieve the goals, the objectives of the School are as follows.

1. To develop SDSE a Centre of Excellence in Nepal for development and social engineering.
2. To update and revise strategic plan and prepare and execute action plans accordingly.
3. To develop Physical infrastructure based on the requirements of the School.
4. To develop academic environment to quality teaching and learning, research and innovation, publication and dissemination and outreach services.
5. To achieve quality standards prescribed by the University and University Grants Commission and acquire Accreditation Certificate.
6. To strengthen quality of existing programmes and to expand new academic programmes based on demand of the nation and student community.
7. To make the administrative activities efficient and effective.
8. To establish and strengthen function network of all stakeholders.
9. To develop modern information system of the school and manage it properly.
10. To manage properly the innovation, research publication and recording system.
11. To strengthen the quality of services of the academic staff, non-academic staff and student by organizing regular conference, seminars, workshop training and refresher.
12. To explore, secure and utilize internal and external resources (for academic activities, particularly for scholarship, research, conference, publication endowment fund.
13. To stimulate educational, academic, industry partners and community contributors to the School activities.
14. To keep the academic premises green; clean, quiet and peaceful.
15. To keep the academic premises unaffected from negative thinking and hostile environment.

6. Strategies

6.1. Policy and Procedures

6.1.1. Institution Building

The School of Development and Social Engineering is working to develop it as a Centre of Excellence (CoE) for the study of development society by creating a niche for itself despite being a new institution and small in size. The institutional provision has a big role in this onerous task. To achieve the objectives of CoE, systematic management processes is to be established and strengthened. The existing rules, regulations and bylaws which have been provided by the University central system will be revised and amended as required, particularly keeping in view the School as an semi-autonomous Institution basically for the management of its academic activities. In addition, rules, and guidelines required for the institutional development will be prepared and implemented. Specific responsibility and accountability centres and norms have been established in accordance to the requirements of the UGC. The core management practice will be adhered to the principles of quality, efficiency, economy, and transparency by implementing the following specific strategies.

- i. Continuous improvement and development of management processes will be adhered to in a participative way.
- ii. A culture of commitment, high achievement, uniqueness and social responsibility in all its programme offerings will be developed.
- iii. Infrastructure development will be done to maintain an attractive, environmentally sensitive and safe environment.
- iv. A purposive, responsive, cost effective, and efficient institutional system will be designed and implemented.
- v. Responsible contribution of all stakeholders will be ensured the School Management Committee as well as various quality assurance committees.
- vi. Appropriate systems and processes will be institutionalized by revising and updating rules, regulations and procedures.
- vii. Mechanisms for regular review and monitoring will be strengthened.
- viii. Various sections and units will be established as per the need for the School structure.

6.2.2. Structural Rearrangement

A functioning and efficient structural arrangement is one of the most critical aspects of an organization to its success. The following strategy will be followed to the structural arrangement of the School.

- i. Various structural components will be better integrated, bridging the gap and reducing redundancy with the combined principles of the least costs and least efforts.
- ii. Clarity, openness and fairness in organizational structure, management and decision making will be achieved.

- iii. A responsive, accountable, transparent, and committed governance system will be established.
- iv. The system will be made clear, specific and efficient, incorporating responsibility and accountability centres viz., academic programme, examination, faculties, and administration allowing for regular supervision and assessment.
- v. The administrative structure will be revised and restructured with the creation of relevant and necessary centres, sections and units.
- vi. Job description and role, authority, and responsibility for all positions will be prepared.
- vii. A mechanism for monitoring on a regular basis will be effectively implemented.
- viii. The ratio of the faculty to administrative staff will be arranged with a view to maintain at 2:1 once the School grows as a full-fledged School and the Centre of Excellence.

6.2. Infrastructure Development

The School of Development and Social Engineering is a decade old School. It has yet to develop sufficient stock of its own infrastructure. It is in the process of developing infrastructure to groom it as an accessible higher educational institution. The required resources will be mobilized through the University. However, government, national and international partner agencies and organization, trusts, foundations, and financial institutions will be invited and mobilized to participate in the infrastructure building. Infrastructure development will be carried out gradually. Adequate attention will be given to build up academic infrastructure and essential support facilities. The following are the strategies to develop physical infrastructure of the University.

- i. Based on the programme needs, construction activities will be prioritized and implemented.
- ii. Resources from all viable sources viz. UGC and other government agencies, development partners, and local community will be mobilized by the University.
- iii. Academic programmes of high demand and high national priorities like entrepreneurship development, public policy, economics and account will be operational in appropriate rental complexes during the ongoing construction of academic buildings.

6.3. Academic Programme Management

6.3.1. Strengthening Existing Programmes

The School in line with the University will follow the following four-pillar principles of teaching and learning: (i) knowledge; (ii) technique; (iii) skill; and (iv) practice.

The curriculum has tried to incorporate these four pillars in all courses and will clearly incorporate these pillars in all courses to be developed in the future; faculties

will be recruited, oriented, and trained accordingly; and the learning environment of the students will be geared to that direction.

This phase of the School has been considered to be the phase of **quality assurance** along with strengthening of existing programmes and expansion of new programmes. In this regard, the following areas will be strengthened with special priority.

- i. Improvement in the quality of infrastructure
- ii. Expansion and improvement in laboratories
- iii. Updating and increasing in quantity of library resources
- iv. Modernizing and quality enhancement of teaching and learning technologies
- v. Expansion and improvement in the extracurricular facilities and materials
- vi. Incorporating research on teaching
- vii. Training and capacity building of faculty members
- viii. Working for enhancing the employability of the graduates.

6.3.2 New Programmes

The School should launch new programmes that can play vital role in the field of development and social engineering with a focus on the programmes of national development priority. According to this fundamental conceptual framework, the School of Development and Social Engineering has prepared its agenda: entrepreneurship development, policy studies among others.

The School has oriented its current programmes basically to the professional subjects such as development, social engineering, development communications, which are oriented towards its mission. Similarly, new programmes will be prioritized and implemented accordingly. To strengthen research, graduate programmes, MPhil and coursework leading PhD programme will be started. Careful studies and analysis will be made while introducing new programmes. Gaps in the human resources market will be identified and a symbiosis will be created between the market needs and the School programmes. The basic criteria for launching new academic programmes will be: (i) Current needs; (ii) Requirement of the country and the contemporary society; (iii) Availability of the PU's programmes in the proposed area; (iv) Market orientation; (v) Implementation capabilities; (vi) Symbiosis with expanding knowledge; (vii) Compatibility with regional and world class programmes; (viii) Innovativeness; (ix) Academic sustainability; and (x) Financial viability.

The existing programmes with declining viability will be revised and various ways for their sustainability will be explored. In this regard, partnership with national organizations and international institutions will be explored.

6.4. Quality Assurance

Quality of education is the prime concern and motto of Pokhara University. The quality defined by the University Grants Commission and standardized by the University in line with international standards in university education will be ensured through managing, standardizing and enriching (i) policies and procedures; (ii) curriculum and learning

resources; (iii) teaching-learning and evaluation system; (iv) research, consultancy and extension; (v) infrastructure; (vi) student support and guidance; (vii) educational information system; and (viii) public information thereby making them compatible not only with the national university system, but also with regional (South Asian) universities and other universities from the developed countries. Students will be equipped with specific technical knowledge, professional skills and functional practices. They will be adequately supported by skill in research, information and communication technology, logical exposition, problem solving ability, and quantitative analysis. Quality control and monitoring processes will be developed and continuously evaluated, following the QAA guidelines of UGC. The following strategies will be developed and followed to assure academic quality of the School.

- i. Quality Assurance and Accreditation (QAA) will be achieved in accordance with the University Grants Commission provisions.
- ii. Quality assurance will be ensured through (a) sound curriculum; (b) rigorous teaching learning activities; (c) quality research and knowledge generating publications; (d) quality consultancy; (e) skill enhancing extension education; (f) development of capable human resources; (g) investment on educational infrastructure; (h) adequate and quality learning resources; (i) quality publications and knowledge advancement; (j) functional educational management information system; (k) regular public information dissemination; and (l) establishing functional relationship with community and other stakeholders.
- iii. Other all strategies of the School will be synchronized with quality assurance.
- iv. The curriculum development will focus the four-pillar principles of teaching and learning: (a) knowledge; (b) technology and technical know-how; (c) skill; and (d) practice.
- v. To four-pillar principles, courses will be developed comprising five critical components: (a) foundation courses; (b) core courses; (c) research and analytical courses; (d) practicum courses; and (e) concentration or specialized courses offered as thematic or optional courses.
- vi. Opportunities for students to achieve intellectual maturity while developing appropriate professional skills and specific skills in communication, computer proficiency, information literacy, logical exposition, quantitative skill, research and publication will be incorporated in the curriculum.
- vii. Participatory learning approaches will be incorporated.
- viii. Continuous quality monitoring will be done by developing quality assurance mechanisms which will be strengthened according to the University Grants Commission guidelines, rules and regulations to ensure parity of academic standards across Nepalese universities as well as other regional universities through the introduction of accreditation process.
- ix. The relevance of academic programmes will be increased by increasing employability of graduates significantly through employer partnership and establishing a placement cell.

- x. Pedagogy will be improved and diversified by emphasizing on assignments, projects, and practical works.
- xi. Definite operational calendar, work schedule, minimum teaching/work load, research and publication will be made further clearer as per the level of programmes.
- xii. The adequate supply of equipment and other inputs such as books will be ensured and a mechanism to review/upgrade curriculum on a regular basis will be set up.
- xiii. Characteristics that will be required by graduates in the 21st century, including the transferable skills of effective communication, independent analysis and inquiry, and familiarity with modern information technology, thereby increasing student employability will be inculcated.
- xiv. A comprehensive system of student evaluation on all aspects of their experience will be established and strengthened.
- xv. Examination system will be aimed at attaining the goal of high quality through the continuous evaluation system (from entry to exit). Continuous improvement will be made in the examinations process.

6.5. Research and Publications

Research and publications will be closely integrated with the academic programmes. Priorities will be given to such research and development works which have a direct relationship with the academic programmes and the national priorities of employment creation, entrepreneurship development, poverty alleviation, and sustainable development which will directly enhance production and productivity, and promote the living standard and the quality of life of the people. The faculty will provide opportunities for research and consultancy through a competitive research and development fund. A Research Management Centre has already been created incorporating necessary expertise to evaluate, review and guide the research works.

Pokhara University has allocated a good portion of its operating budget for research at the school level. The research fund will be allocated on competitive basis based on the quality of the proposal, prospect and possibility of enriching the teaching-learning process and the felt needs. While doing so, in-house capability and available resources will be given prime consideration.

The School has already brought out peer reviewed journals. They will be incorporated into the status of refereed journal. The panel of referees will include expertise of international repute (both domestic and foreign). The quality, regularity and standard of publications will be meticulously strengthened and maintained. Initially, an attempt has been made to bring out biannual issues. The University already has a policy to involve all faculties in both research and publications activities, which has already been taken a lead by the School.

The following actions will be started, performed, or strengthened to achieve the strategic research and publication plan.

- i. The SDSE Research and Consultancy Committee will promote research work across UGC, government agencies, research institution, international organizations and agencies, and NGOs/INGOs and explore large and small research projects. In addition, the School may explore research projects using the University and School brands and carry out research projects independently.
- ii. Students will also be involved in the school/college research processes.
- iii. The School will regularly publish a series of publications, which will include (a) Refereed journals; (b) Research reports; (c) Occasional papers; (d) Case studies; (e) Reference materials; and (f) Abstracts of student research and project works.

6.6. Continuing Education and Consultancy Services

Under the Research and Consultancy Management a Continuing Education Unit will be established to provide short, medium and long-term training on refresher courses and fresh training programme on development and social engineering with a provision of certificate. Such programmes should build upon the requirement of the Government, development agencies, civil societies and corporate enterprises.

- i. Guidelines for consultancy service will be prepared.
- ii. An appropriate team will be formed to apply for consultancy services as and when required.
- iii. Regular contacts will be established with the Government agencies, research institution, international organizations and agencies, and NGOs/INGOs to explore large and small consultancy projects.
- iv. To secure services from the Government as well as from agencies and organizations including international partners assistance will be sought from the Faculty of Humanities and Social Sciences and the Pokhara University Research Centre.

6.7. Student Affairs

Students are the primary service seekers and recipients of the educational system. The concerned matters with students are provisions of information on academic programmes and curriculum; admission; financial assistance, scholarship and expenses for academic programmes; pedagogy, teaching-learning environment and evaluation; bridge courses and academic counseling; co-curricular and extra-curricular activities; career perspectives and employability; exposure to society and ethical responsibilities; and feedback from the students. To address these matters and for the development of students as individual and in group they will be supported through:

- i. An Academic Administration Section will be established to provide all direct services to students managed by EMIS.
- ii. A Student Counseling, Employment and Placement Committee will be established to provide all direct services to students.

- iii. Supplementary training will be provided to students by organizing skill-based courses.
- iv. Extra-curricular activities of the students will be supported through students.
- v. Developing recreational facilities to students will be enhanced.
- vi. Counseling, advice, information and support services will be provided to the students to smoothly undergo their academic programmes.
- vii. Greater student participation will be encouraged and promoted in all academic activities of the School.
- viii. Career counseling and directly contacts of the students with the employers or enterprising environment will be arranged.
- ix. Part-time employment in clerical works, library works, gardening, transportation, laboratory works, field surveys and teaching in juniors will be launched to provide financial assistance to the financially weak students.

6.8. Resources Management

6.8.1. Human Resource Management

To hire and retain dedicated human resources (HRs) thereby develop them to meet the challenges and requisites of the School and to gain excellence for high achievement by motivating them regularly to work diligently and efficiently is one very important areas of concern to the institutional strategy. Opportunities will enhance the capability of the HRs to enable them to realize goals, sense of achievement and their contributions. The School will work to facilitate incentive package, promotion and personal development of the HRs through performance-based reward and punishment system. The following specific HR strategies will be developed, implemented, and/or strengthened.

- i. Highly dedicated, committed, and qualified human resources will be recruited.
- ii. Continuous upgrading of HR will be done and necessary exposure will be provided by the School.
- iii. Incentive and remuneration packages will be developed in such a way as to retain quality human resources, provide encouragement to meet the challenges in ever changing academic environment of the University.
- iv. The short, medium and long-term faculty/staff development will be strengthened.
- v. In-service training opportunities in Nepal and abroad for exposure and upgrading will be provided to the faculties.
- vi. Mandatory orientation will be provided after every curriculum revision and change.
- vii. Performance monitoring of academic activities will be carried out by semesters which will include systematic evaluation of student performance, student evaluation of faculties, publications, research outputs and assistance to resource mobilization.
- viii. A reward and punishment policy of the University will be strongly implemented by the School.

- ix. Academic performance (classroom, research output, publications, and academic services) will be made the sole criterion for advancement, career development, and personal development opportunities for teaching staff.
- x. The existing workload as defined for each level of academic programme will be revised pragmatically and enforced effectively so that teaching staff can contribute through teaching and student support, research, publication, consultancy services and academic services.
- xi. Norms for involvement in consultancy and off-campus jobs will be developed in accordance to the School requirements.
- xii. Recommendation for the promotion of the academic and non-academic staff will be made transparent, objective, and quality-based.
- xiii. Monetary and non-monetary incentives will be provided by the School for higher performance and additional responsibilities.
- xiv. Income generated from external and commission research as well as other extra work will be shared on the basis of defined performance criteria.

6.8.2. Financial Management

The School will follow the cost sharing national policy of the Government of Nepal and Pokhara University and will also attempt to run various programmes on cost recovery basis. The School will try to secure every opportunity provided by the Government for various grants. The following specific strategies will be adhered in financial management.

- i. The basic thrust of the School will be cost effectiveness through effective utilization of physical and human resources.
- ii. Pricing of the product will be done on the basis of affordability and willingness to pay the service recipients.
- iii. Efforts will be made to approach Government agencies, social organizations and foundations both national and international for sponsoring students.
- iv. The School will mobilize financial resources through (a) the Government; (b) national and international organizations; (c) international development agencies, financial institutions and friendly countries; (d) alumni; and (f) local community and organizations.
- v. The School will establish mechanism to mobilize local, national, and foreign assistance for targeted programmes.
- vi. SDSE Endowment Fund will be created through earning from research, volunteer contribution, and mobilization of various sources.

6.9. International Cooperation and Partnership with other Stakeholders

International recognition is a very important step for any academic programme and the School. Being a new School of the relatively new the School still has to do a lot of works in this respect. The International Centre of Pokhara University has been established to

promote relationships with other universities, academic institutions, and agencies. Through this office, international relations is being promoted for the recognition of the university programmes, contributing to the development of the university system including its human resources development, seeking assistance for infrastructure development, and curriculum development. In this regard, appropriate linkages will be established to provide training and exchange opportunities for the faculty and students of the School, efforts will be made on effective implementation of the signed MoUs by the University, FHSS or the School itself.

- i. Long-term relationships with high quality academic and research institutions and agencies will be developed.
- ii. MOUs will be signed for recognition of SDSE programmes, credit transfers, joint research, faculty exchange, student exchange, in-country programmes, scholarships, human resources development, joint research projects, and consultancy services.
- iii. Continuous exploration of new avenues will be made.
- iv. Existing relations and arrangements will be consolidated, and new relationship rather than proliferated associations, will be built-up.

Pokhara University is partially a state funded institution. The Government and local community have endowed the land to the University. In this line the University will act to enhance the spirits of ownership and belonging by building congenial relationship and partnership with the local community and other institutions. The School will give adequate consideration to the community sensitivities to promote the School-community relations in the following areas.

- i. Local people's participation in the promotional activities of the university will be utilized.
- ii. Community partnership will be encouraged in feasible academic programmes.
- iii. Continuous interactions will be made with the community to promote the School functioning.
- iv. The School will promote functional public social responsibility (PSR).
- v. Strategic alliances will be promoted with Government agencies at various levels and community at local, regional, and national levels.
- vi. Community participation in the process of academic quality assurance will be encouraged.
- vii. Joint work with other affiliated colleges which offer similar courses will be conducted and lead role in teaching, research and publication will be played.
- viii. The School will work in close partnership with the Pokhara metropolitan city in its endeavors to become a higher education centre by promoting and imparting the quality higher education including the fields of international interest, where Pokhara University has its comparative and competitive advantages.

6.10. Information and Communication Technology

The use of information and communication technology (ICT) is inevitable to efficiency and greater accuracy of the School works. The following strategies will be followed towards the development and full utilization of ICT.

- i. ICT planning and decision making will be aligned with the University mission.
- ii. A framework within which ICT can contribute fully to enhance teaching and learning, research, consultancy and academic management across the University will be provided.
- iii. **Education Management Information System (EMIS)** will be engineered and installed to fulfill the QAA requirement and speed up the administrative, financial, and examination related activities.
- iv. Effective **Internet** system will be established to access learning resources including real time data and facilitate students and faculties to have a common platform for academic works and interaction.
- v. A smart **website** will be developed to timely provide important and regular institutional public information.

PROJECT SUMMARY

Project summary

Project Name	Economic Empowerment of Women Nagidhar through Agro-Enterprises
Objectives	To empower women of Nagidhar economically through agro-enterprise. U-
Project Duration	March 2020- March 2022
Project Area	Madi Rural Municipality ward no. 8 Nagidhar, Thulogaun
Target Population	40 women from 40 households of Thulogaun, Nagidhar
Project Budget	NRs. 12,99,500/-
Summary	<p>Although Nepal is known as an agricultural country the people who are involved in agriculture are not able to come out of subsistence agriculture. People of Nagidhar, Thulogaun are involved in agriculture since a very long time but they are not satisfied with their own agricultural production. The local economies in Nagidhar continue to rely heavily on the productive work of women. Nearly all households in Nagidhar are engaged in subsistence production. Women's contribution in the agricultural and non-agricultural sector is often neglected in many societies so this project aims to commercialize the locally grown vegetables which ultimately supports the idea of economic empowerment of women of Nagidhar.</p>

1. BACKGROUND

Nagidhar is a typical Gurung village which lies on the lap of the green hills of western Nepal. The simplicity, natural beauty, and tranquility are making the rural life unique and special. It is situated at north-east area of Madi Rural Municipality-8, Kaski district. Present Nagidhar village was situated at "Purnasa" before 350 years which is known as "Purano Gaun" (Oldvillage) in the present where Nagidhare genealogy was stayed. Nagidhar village is at the distance of 42 km from district headquarter Pokhara and is at approximately 1275 m. of altitude from sea surface. At the eastern part of the Nagidhar there is a village called Rabaidada and it's the border with Lamjung district. Gahate village is at southern part of Nagidhar, and Bachock at the western part. Two rivers known as Wardi and Inkyu are at southern part of the village which are also the source of water for the villagers and the northern part is covered with forests. Nagidhar village is divided into three parts known as "Thulo Gaun", "Chautari Dada" and "Sundar Besi".

ThuloGaun of Nagidhar, Madi Rural Municipality ward no. 8 is inhabited by almost 300 people and 40 households. The village people usually hold various festivals and fairs where they represent the wealth of our culture. The main occupation of the people of Nagidhar is agriculture and livestock where as many youths of the village are working abroad. The rate of migration to the urban area near to village, mostly Pokhara is high due to the inadequate facilities in the village. Lack of proper road, hospital, and school etc. are the major reasons behind migration of people. Though the people of Nagidhar invest a lot in the agricultural sector the production is not sufficient for their families. According to them they used to produce excess amount of agricultural products in the past but in the present days due to many reasons agricultural production has decreased. One of the major causes is climate change and another influencing factor is unavailability of human capital. Most of the young people of the village have migrated to the urban areas in search of job opportunities.

After analyzing the problems of the villagers we have planned to develop a project which is related to the economic empowerment of women through agro-enterprise. In spite of being the major occupation of people, agriculture sector is not much satisfactory. According to the people of Nagidhar they aren't able to come above the subsistence agriculture since a very long time even though the land is productive. Subsistence agriculture has become a tradition which is making the life of women more difficult as women are responsible for providing food to their family. In many societies of Nepal man is regarded as breadwinner of the family and the role of women are often neglected. Substantial agricultural system results food insecurity which suffers the women first.

Our project aims to utilize the resources available in the village to uplift the economy of the women of the village. Our project is related to the commercial production of **Balsam Apple** i.e. *Barelao* which is a locally grown vegetable. It is a type of vegetable which is grown at the height more than 2000 meters i.e. mostly in the cool area. During our visit to Nagidhar we found that Balsam Apple is cultivated at every house since it's very easy to grow. Our project is focused on the production, drying, packaging and distribution of the Balsam Apple (*Barela*) in the market. Commercial production will help to increase the value of Balsam Apple and the dried Balsam Apple will be the new product in the market. Thus, this project will help the women of Thulogaun, Nagidhar to uplift their economy and to live a life with dignity. Agro- enterprises, "the total sum of all firms involved in the manufacturing of farm supply, production, operations on the farm, processing and distribution of farm commodities and items made from them" (David and Goldberg, 1957), is an important sector in the economy of many developing countries. It contributes substantially to GNP and rural employment. Since most agro-enterprise activities are in the rural areas, the development can be an effective instrument in slowing down urbanization. Furthermore, the promotion of agro-enterprise can become a useful means of alleviating poverty and a major source of economic development.

2. JUSTIFICATION OF THE PROJECT

Nepal is a country where most of the people are involved in agricultural sector. However, agriculture in Nepal represents subsistence in nature; most people have been engaged in

agriculture for their livelihood mainly. On average, women represent 43 percent of the world's agricultural labor force according to the U.N. Food and Agriculture Organization (FAO). These hard-working women produce more than half of the world's food, despite being less than half of the labor force. Additionally, women account for 60 to 80 percent of food production in developing countries. Though a greater contribution of women is found in agriculture, their hard work mostly remains invisible in a patriarchal societies like Nepal. They are rarely recognized as farmers. They do not gain proper access to the inputs, resources, credits, and land and are limited to undervalued jobs.

The subsistence agricultural system of Nepal has led to the increasing trend of import of many consumption materials from different countries mostly from India. The high rate of import from India has resulted more dependency and the scarcity of many goods during the Blockade (*Nakabandhi*) in 2015 is the most relevant example. Nepalese market is facing the problem of inflation which directly affect the life of people. At this point of time we, the Nepalese people need to start the revolution in agricultural sector which is possible through the establishment of small and large scale agro-enterprises.

Around 2 billion poor people around the world particularly women, are financially excluded and women and girls make up the majority of the poorest people in the world today. Women continue to earn on average only 60 to 75% of what men earn. As this project aims to provide employment opportunities for all 40 women involved in this project this project will empower women of Nagidhar to build better livelihoods, earn more income, and create businesses that provide jobs and boost local economies. With improved financial security, other areas of women's lives also improve: they can afford healthcare, to purchase uniforms for their children, and are more likely to play a leadership role in their communities. Thus, development of small scale agro-enterprise at Thulogaun, Nagidhar village can be an effective way to empower women of Nagidhar economically which ultimately help the people of Nagidhar to have better quality of life.

3. PROJECT GOALS AND OBJECTIVES

3.1 Goal

The goal of the project is to raise the life standard of people of Thulogaun, Nagidhar.

3.2 Objectives

The general objective of the project is to increase the income of women of Nagidhar through agro-enterprise.

The specific objectives are;

- To generate employment opportunities for 40 women involved in project,
- To increase the income of women by 50%,
- To commercialize the production of Balsam Apple by distributing minimum 200kg per season to Pokhara,

4. PROJECT IMPLEMENTATION AND MANAGEMENT PLAN

4.1 Description of Project Activities and Work Plan

4.1.1 Area selection for the project execution and implementation

This project was based on the vision that “agro-enterprises can uplift the economy of the women which ultimately helps to make the life of the familie of Thulogaun, Nagidhar better” that is no people of Thulogaun left behind of poverty (SDGs Goal 3, Goal no 5). For this project we have decided to choose the Thulogaun village, Nagidhar of Madi Rural Municipality, Kaski Gandaki Province. This village is chosen based on the issues of agricultural sector and migration of male members of the village to urban areas and abroad due to the unavailability of employment opportunities.

4.1.2 Development of the training materials.

It includes development of the content of the training, resources used for research like research questionnaire development, researcher, and training materials that will be used in the project including resources allocation and management. The training materials will be developed with the help of Agriculture Professionals from different private and public sectors.

4.1.3 Implementation Responsibility including Resource allocation and management.

It includes man, money and materials the three major components to execute the project. For the overall implementation of the project a core group of 5 members (major executive-body) has been made which are responsible for the overall management of the project and have the authority to make rules and norms for the implementation of the project under the direct supervision of PC from initial stage (site selection to the accomplishment of the

project). The core committee has finalized the resource person used for our project through the project system. The core committee member includes:

- Monika Ranabhat
- Suruchi Gautam
- Usha Gurung
- Anish Basnet
- Dipsun Thapa

4.1.4 Implementation of the Project:

It includes six major series of activities. They are;

a. Training On Agro-Enterprise

In this part 40 woman from 40 different household will be selected for the training. The training will be conducted by the agriculture professionals on the topic "Management of the Agro-enterprise". During the seven day training, women will learn about how to run the agro-enterprise. They will also get knowledge about the post harvesting process of Balsam Apple.

b. Farming and Harvesting of Balsam Apple (*Barela*)

Balsam Apple commonly known as Barela is a vegetable found in high altitude places. It has various health benefits. We can easily find this vegetable at Thulogaun, Nagidhar this as it is available at every house. Barela do not need any special farming process and it is easy to grow. Harvesting is another important part of the project. Since it's very easy to grow Barela at home women will collect the vegetable after it is ready to consume.

c. Drying Process

Harvested Balsam Apple will now go on drying process. The small pieces of Balsam Apple will be dried on sunlight for 4-5 days. Drying process helps to absorb the moisture from the Balsam Apple.

d. Packaging

After the drying process the dried pieces of Balsam Apple will be packed in banana leaf. The banana leaf packet will be made by the women group which is ecofriendly as well as cost friendly. The use of banana leaf in packaging will help in the protection of environment.

e. Distribution

The packaged organic Balsam Apple will be distributed in the market through different channels.

f. Formation of saving group

Saving group will be formed in collaboration with *Shree Mijure Milan Coffee Sahakari Sanstha Limited* which will help women to be empowered, raise their incomes, and become more self-reliant and in the process overcoming gender stereotypes. Which will ultimately help in eradicating poverty, raising standard of living and promoting gender equality.

4.2 Project Beneficiaries

40 women from 40 households are the beneficiaries of this project.

4.3 Coordination

Planning and Coordination is one of the major activities for our project. It includes identification of different partner organizations. In our project we are trying to include governmental body like local level governments (Madi Rural Municipality Ward no. 8) along with different CBOs such as Sabudo ngorshyo Aama Samuha, *Nagidhar Srijanshil Youth Club*, *Nagidhar Tole Bikash Sanstha*, *Shree Mijure Milan Coffee Sahakari Sanstha Limited*. For Effective implementation of the project we perform various activities like Respective institutions, organization, and focal persons will be invited for the meeting from respective organizations for the planning, coordination and execution of the projects in their area. The findings from the meetings will be analyzed and a selection of the people and area for the training will be finalized.

5. EXPECTED RESULTS OF THE PROJECT

5.1 Expected Results

The expected results of the project relies on the availability, accessibility, and utilization of the resources used in the project. It also depends on how we execute the project in given duration with available resources that is man, money and materials. Hence the expected outcome of the project is as follows.

- Total 40 woman from 40 households will be directly involved in the project and it is an opportunity to them to grow their economy through locally available resources.

- All the woman involved in the project will be empowered economically as well as socially as they will be earning money from the project. At the end of the project the income of 40 women will be increased by 50%.
- Their confidence level will be boost up which will help in the overall development of the village.
- The rise in income will change the image of woman in the society which will help to reduce the gender inequality.
- Organizational and professional networking will and may be developed.

5.2 Specific Contribution to Funding /Donor Agency`s Components

Funding in the project helps providing job opportunities to women in the Naghidhar village which helps in women empowerment. As the project aims at empowering the women of Nagidhar economically, it helps in alleviating poverty. Investing in women's economic empowerment sets a direct path towards gender equality, poverty eradication and inclusive economic growth. Women make enormous contributions to economies, whether in businesses, on farms, as entrepreneurs or employees, or by doing unpaid care work at home. Through this project we want the women of Nagidhar to realize their ability to uplift their family's economy and we want the society to take women not just as a 24/7 unpaid house worker but as a breadwinner of a family. Thus investing in this project could be the best way to eradicate gender inequality as well as alleviate poverty.

6. PROJECT MONITORING AND EVALUATION

Effective monitoring and evaluation mechanism is one of the main components to the realistic changes in community and successful implementation of this project. To make check and balance between planning and timing, inputs and outputs strong monitoring structure is designed. For this we will develop 2 different teams. Firstly, the organizer core committee which will be the monitor of the project. Secondly, the funding parties and donors will be supervising, monitoring and evaluating the project.

As monitoring is a regular process we will do a monthly experience sharing meeting with the women involved in the project. The progress of the project will be evaluated by doing a

baseline and endline survey which will help to analyze whether the income of the women increase or not.

7. SOCIAL ENVIRONMENTAL IMPACTS

Though this project is designed in such a way that affects the society and environment in a positive way, there are some negative impacts too. The negative impacts of the project are quite negligible in comparison to the positive impacts.

Positive impacts of the project in the society;

- Women empowerment
- Increase in income level
- Eradication of gender inequality
- Creation of employment opportunity
- Economic growth

Negative impacts of the project in the society;

- Unhealthy competition between the household may lead to conflict but it can be minimized by collecting equal quantity of product from every household.

Positive impacts of project on the environment;

- Use of organic manure doesn't harm on people's health.
- Less use of chemical hazards helps to reduce climate problems.
- Utilization of bare lands

Negative impacts of project on the environment;

- There will be no negative impact of the project on the environment as the project is designed in an eco-friendly manner.

8. BUDGET

Budget is one of the major source for the execution of any kind of project. A budget for this project based on the activities as assumed and the details of the budget is shown in the table below:

1. Background

Nagidhar is the beautiful village including the vast culture and Gurung communities which is situated in kaski district of Gandaki zone in northern-central Nepal. It has an elevation of 1159 meters (3802 feet). Nagidhar is basically located by Gurung community. Nagidhar has 3 communities including 30-35 houses with 565 populations among them 250 are male and 315 are females. The municipality of Nagidhar village is Mijureddada. The major occupation of Nagidhar village is Agriculture, Bee keeping and Allo. Thulo Ghaun of Nagidhar, Madi Rural Municipality ward no 8 is inhabited by almost 300 people has 35 household. Local usually celebrate various festivals and fairs and they hold their cultures. People of Nagidhar have a strong belief towards the nature and they worship nature as the god since they respect that nature is one which fulfills all the human needs. According to them conserving nature is one of the main responsibility of human beings and it became their tradition as well since an ancient time.

In Nagidhar, before 2049 B.S there was no any health post people have to move a long by their own foot taking their health at risk. The first health post was established in 2049 B.S. and it was handled by the staff Mrs. Manju Gurung who had completed first Auxiliary Nurse Midwife (ANM) course and caring local people as well. The health post is currently handled by Mrs. Sita Gurung. Residents of Nagidhar often encounter barriers from healthcare facilities that limit their ability to obtain the care they need. In order for people of Nagidhar to have sufficient access, necessary and appropriate healthcare services must be available. People of Nagidhar are more likely to have to travel long distances to access healthcare services, particularly subspecialist services to better treatment and check-up in hospitals. This can be a significant burden in terms of travel time, cost etc. because of no quality health care facilities are available there. Nagidhar has a high potentiality of natural herbs which they can invent various herbal as a medical purpose like nirmashi, paanchaule and so on. Although it has various terms towards natural herbs there is still lacking of tablets medicine due

to lack of access of health care facilities and high professional doctors. Residents of nagidhar are facing a variety of access barriers towards health facilities. Ideally, residents should be able to conveniently and confidently access services such as primary care, emergency care, and public health services and so on.

2. Justification

Most of people agreed that health problem was the main problem that they wanted to solve increasing number of child born at home and lack of proper idea on medicine were on the top list. So our project will train few youth individual as a volunteer about medication, common medicine names and their use which will help poor local for better medication. About the improving quality health services with the help of post province level authorities will cope up with us throughout the project.

3. Project Goals and Objectives

3.1 Goals

Main goal of our project is to reduce maternal mortality rate and make youths aware about proper medications.

3.2 Objectives

- To address the problem of pregnant women.
- To implement effective ambulance services.
- To strengthen the health facilities.

4. Project Implementation and Management Plan

4.1 Description of Project Activities and Work Plan

The study was conducted in Nagidhar-8, Madi Rural Municipality. Qualitative methodology was used during the study. In order to gain a better insight into the problem of village interview techniques and focus group discussion was held with in the local people around 20 in number and observation was also done. Interview and Focused group discussion was conducted in the community hall of the village. People of almost all age group i.e.(youth, old age) were participated during the discussion. The information provided by interviewers or group was recorded by audio recording as well as note making.

	Interventi on logic	Objectively verifiable indicators	Sources / means of verification	Assumptions and risks
Overall	Improve	Number of sick	Impact	

objectives	ment in health of local people	people decreased, death of early age reduced	evaluation reports, Survey reports	
Project purpose(specific objective)	Awareness level of local people increased	Annual examination/ evaluation of health post	Projects reports, evaluator reports	Price of medicine remains at least stable
Expected result/output	Increase in knowledge about common medicine, Mortality rate decreased, infant mortality rate decreased	Number of people trained.	Training report, Project reports	Access to proper medication
Activities	2 days training about names of common medicine,	Means: trainers, training materials, etc.	Community, youth clubs, local govt.	

4.2 Project Beneficiaries

From this project village health facilities will be improved so that many villagers having different diseases will be also cured in effective manner. Every critical case will be cured at village hospital which will save villager's time and other economic expenses. All the villagers will be benefitted from this project. Especially to the women, child and elderly people who often get sick that people will get more benefit.

4.3 Co-ordination

Co-ordination contributes to the success of plan/project. There are various hands for development towards the health sectors. Co-ordination among health representatives, local people, sponsor groups, municipality and others will improve all the health facilities.

5. Expected Results of the Project and Contribution to Funding/Donor Agency Components

5.1 Expected Results

Through this project, Youth will receive basic education about health and sanitations. Every youth of the village will at least know name of basic medicines and learn how to take care of child, women and elderly people, price of medicines will be fair, better rules and regulation will lead to proper treatment which will increase number of healthy people. Healthy people work more effectively which will help in economic welfare of village. As we will be giving trainings to youth with the help of health volunteers. Pregnant women will be in main focus of our health representatives, with extra care from them will definitely help in health of both mother and child. Our project will helpn safe pregnancy. Number of healthy child will increase gradually. We ill be doing awareness programs on birth spacing which will help villagers to plan their child which will save money and health of women too.

5.2 Specific Contribution to Funding

According to the budget formulation of fiscal year 2076/2077, Madi Rural Municipality has a large number of budget on health

- topic such as insurance, pregnancy, health post maintenance, critical disease cure, evaluation of health post, medicine transportation and repacking, health officer budget, others health officers wages and many more.

6. Project monitoring and Evaluation

Pre and Post initial data collection within implementation of the strategy will undergo for both monitoring and evaluation process. Local government and donor agencies officer can evaluate the project in the periodic time. Local people should also be focused on the project so that project will be more effective and efficient. Day to day follow-up of activities done by health representatives. They will collect the data of medicines and reporting and ensure programs are proceeding as planned on schedule. Continuous process of observing, recording and reporting and identifying deviations and taking corrective actions in effective manner will be underdone by health representatives. Every six months survey will be conducted in the village as per the plan. Involving all people and creating awareness program in each visit. Cooperating with local people and the government regarding different health related programs like vaccine, camping etc as per plan in every year. Assesses the adequacy and efficiency of the program. Enables reallocation of priorities and of resources on the changing health needs.

7. Social and Environmental Impacts

Through this project, positive and negative impact may rise but our project can provide positive impact to the village. Proper medication may flourish which will definitely improve the working power of local people because of their wellbeing. More working power brings more income which will directly effect in social aspect of local people. II. NARRATIVE SECTION

1. Background

Nagidhar is a typical Gurung village which lies on lap of the greenery hills of western Nepal. This village have the special and unique rural life. Thulo Gaun of Nagidhar, Madhi Rural Municipality ward no. 8 located on Gandaki province is inhabited by almost 300 people and 35 households. The village people usually hold various festivals and fairs where they represent the wealth of our culture. The people of Nagidhar village worship the nature as the god since they have a strong belief that nature is the one that fulfil all the human needs. According to them conserving the nature is one of the main responsibility of human beings and worshipping nature has become their tradition since very long time.

Nagidhar have a high potentiality of tourism but due to lack of publicity and advertisement. It has adverse effect on the flow of tourist. Off and on rich in its own natural and cultural diversity it is facing various problems. This village is a rising star so it has lack of proper accommodation which is the cause and effect of unmanageable tourist arrivals. Lack of infrastructures development with very few constructions of tourism activities and products have negative impacts on attracting tourists in the village. This project may help to solve the problems of out migration, economically backwardness, local production demolished and unemployment rate of the villagers.

2. Justification

If well planned, view tower have been constructed it has the potentiality of attracting a variety of users such international overnight visitors, longer staying visitors and domestic users. A view tower provide a good opportunities for developing less explored areas with valuable natural and cultural resources that appeal to special interest tourists. It helps in pulling and tying together several attractions that would independently not have the potential to entice visitors to spend time and money into a unique product .Based on a specific theme, view tower pull together a variety of activities and attractions with a

purpose of stimulating entrepreneurial opportunities through the development of ancillary products and services.

Better business and improved economy strengthens many areas of the economy i.e. home-stay, hotels and many more which helps for achieve economic growth of the local people. It may support for developing the infrastructure and provide recreation facilities for tourist and local residents. After the construction of view tower youth and women of the villagers will get job opportunities and employment rate will increase by 20%. The project is supposed to provide platform for 100 people directly and indirectly. Not only the people within the village but also people from neighbour villages are supposed to get benefit from the project as they have a good relationship.

4.3 Co-ordination

Government of Gandaki Province, Ministry of Culture, Tourism and Civil Aviation and Madhi rural municipality are helping hand to build tower. Local people and rural municipality are supplying food and accommodation to the migrant workers. Youth club and Ama samuwa will take part in civil work. Hami Yuva(site manager), contractors and civil workers will work full time till the project end. Bicycle group of Pokhara will coordinate to promote this project and village. Cyclist will travel Thulo gahun from Pokhara on bicycle at the opening ceremony of the project and after the completion of the project as well. This group also wills to promote village as a bicycle route from Pokhara to Thulo gahun and back to Pokhara.

5. Expected Results of the Project and Contribution to Funding/Donor Agency Components

5.1 Expected Results

Through this project, the individual income will rise from Rs 2,000 to Rs 15,000 per month in the village. By the year 2030 AD, tourism inflow may increase up to 20,000 per year in Nagidhar which create job opportunities to 100 of households in the village and local products will get promotion. Demand of products will increase by 50% in the market, agro industry and agro tourism may flourish simultaneously as tourist will love to consume local, fresh, healthy and organic foods.

5.2 Agency's Components

According to the budget formulation of fiscal year 2077/2078, Ministry of Economic Affairs and Planning (Provincial government) helps to boost "One Municipal, One Production Programme" that will help to meet the objective. Ministry of Culture, Tourism and Civil Aviation promote "Building Our Village on Our Own Programme" through labour and employment creation. This project will contribute to promote tourism in Madhi rural municipality as well as gurung cultural promotion of the village. It will also promote Visit Nepal 2020 as rural tourism is the primary concern of this project.

6. Project Monitoring and Evaluation

Hami Yuva institution will collaborate with local people to build view-tower. Project construction work will be observed by the contractor and also project head. Every month official government engineers look after the site for proper management and evaluate its structure accordingly. Project coordinator will also manage the time and monitor the project duration and its effectiveness. Before and after the completion of the project survey will be conducted to maintain the effectiveness and efficient of the work. After three months of project completion, survey will be conducted in the village whether the project has done as per their desires as well as our goals. The project status report is used to evaluate and monitor the project. If not then project committee will look after the negative and positive impacts and act accordingly. The data

collected from survey after activities and project will be evaluated. Evaluation will be done by the project officer every month and donor agencies are also allowed to evaluate the work done.

7. Social and Environmental Impacts

Through this project, positive and negative impact may rise but our project can provide positive impact to the village. Preservation and restoration of culture, natural resources may flourish. Promotion of old utensils, buildings and other resources should be preserved. Promotion of medical herbs, Cardamom (Alaichi) and wild animals can be conserved.

* दोस्रो संशोधनद्वारा संशोधित

*(२) विश्वविद्यालयको अस्थायी वा करार सेवामा भएका कुनै महिला शिक्षक वा कर्मचारीका हकमा ६० दिनको पूरा तलबी प्रसूति बिदा एक पटक दिन सकिनेछ ।

*(३) विश्वविद्यालयमा कार्यरत पुरुष शिक्षक वा कर्मचारीकी पत्नी प्रसूती हुँदा त्यस्ता पुरुष शिक्षक वा कर्मचारीलाई सेवा अवधिभरमा दुई पटक १५/१५ दिनको प्रसूती सेवा विदा दिइनेछ ।

*(४) प्रसूती बिदा तथा प्रसूती सेवा विदा लिने शिक्षक वा कर्मचारीलाई बढीमा २ सन्तान सम्मलाई एक सन्तानको रु. ५,०००/- (पाँच हजार) का दरले प्रसूति स्थाहार खर्च उपलब्ध हुनेछ । तर अस्थायी र करार सेवामा रही २ वर्ष निरन्तर सेवा गरेकाले मात्र यो सुविधा एक पटक उपभोग गर्न सक्नेछ ।

*(५) सेवा अवधिमा गणना हुने गरी उपनियम १ अनुसारको विदा लिनु अगाडि वा पछाडि गरी (लगातार) ६ महिना सम्मको बेतलबी विदा दिन सकिनेछ ।

२४. पर्व बिदा :

(१) शिक्षक वा कर्मचारीले वर्षभरिमा बढीमा ६ (छ) दिनसम्मको तलबी पर्व बिदा पाउनेछन् ।

(२) पर्व बिदा सञ्चित गरी अर्को वर्ष लिन सकिनेछैन ।

२५. भैपरी आउने बिदा :

शिक्षक वा कर्मचारीले १ वर्षमा बढीमा ९ दिनसम्मको तलबी भैपरी बिदा पाउनेछन् । दैवी वा आकस्मिक परेकोमा बाहेक भैपरी आउने बिदा पूर्वस्वीकृतिबिना बस्न पाइने छैन र यो बिदा सञ्चित हुनेछैन ।

२६. क्रियाबिदा :

कुनै शिक्षक वा कर्मचारीको बाबु, आमा, लोग्ने वा स्वास्नी, छोरा वा अविवाहित छोरी मरेका अवस्थामा र आफै क्रिया बस्नु परेमा त्यस्ता शिक्षक वा कर्मचारीलाई कुलधर्मअनुसार काजक्रिया गर्न बढीमा १५ दिनसम्मको पूरा तलबी क्रियाबिदा दिइनेछ । अविवाहित महिला शिक्षक वा कर्मचारीलाई बाबु वा आमा मर्दा १५ दिनसम्मको क्रियाबिदा दिइनेछ । महिला शिक्षक वा कर्मचारीको लोग्ने आफै क्रिया बस्नु परेमा महिला शिक्षक वा कर्मचारीलाई पनि सोहीअनुसार बिदा दिइनेछ ।

*२७. अध्ययन बिदा:

*(१) विश्वविद्यालयमा स्थायी सेवामा रहेको कुनै पनि शिक्षक वा कर्मचारीलाई तलबी अध्ययन बिदा दिन सकिनेछ । तर ५० वर्षको उमेर नाघेका शिक्षक वा कर्मचारीलाई एक वर्षभन्दा बढी अवधिको अध्ययन बिदा दिइने छैन । नियम ८(१) बमोजिमको परीक्षणकाल समाप्त नभएसम्म अध्ययन बिदाको सुविधा उपलब्ध हुने छैन । तर विश्वविद्यालयको आवश्यकताअनुरूप विश्वविद्यालयले मगाएको वा प्राप्त सिटमा अध्ययन गर्न पठाउन भने यसले बाधा गर्ने छैन ।

(२) विश्वविद्यालयले मगाएको वा विश्वविद्यालयका निमित्त प्राप्त भएको वैदेशिक छात्रवृत्तिमा विश्वविद्यालयतर्फबाट मनोनित भएको शिक्षक वा कर्मचारीलाई अध्ययनका लागि पठाएकोमा शैक्षिक उपाधि पाउने गरी १ शैक्षिक वर्ष वा सोभन्दा बढी अवधिका लागि पठाउने भएमा अध्ययन बिदा दिइनेछ । शैक्षिक उपाधि नपाउने अध्ययन भएमा वा १ वर्षभन्दा कम अवधिको अध्ययन भएमा वा तालिम मात्र भएमा अध्ययन काजका रूपमा पठाइनेछ । त्यस्तो अध्ययन काजका लागि दैनिक तथा भ्रमण भत्ता वा अन्य वित्तीय सुविधा कार्यकारी परिषद्बाट तोकिए बमोजिम हुनेछ ।

(२क) स्वेच्छिक कार्यक्रमअन्तर्गत समान्यतया ६ महिना अगावै स्वीकृति लिई अध्ययन गर्ने शिक्षक वा कर्मचारीलाई सम्बन्धित अध्ययन सङ्घाय वा अन्य निकायका लागि उपयोगी हुने शैक्षिक कार्यक्रमका लागि मात्र अध्ययन बिदा दिइनेछ । त्यस्तो अध्ययन बिदाका लागि निवेदन दिने शिक्षक वा कर्मचारीले सम्बन्धित प्रमुखको सिफारिससहित

कारण उल्लेख गरिएको निवेदन दिनु पर्नेछ । अध्ययन बिदा पाउने शिक्षक वा कर्मचारीले आफ्नो अध्ययनमा सन्तोषजनक प्रगति गरेको छैन भन्ने विश्वविद्यालयले ठहर गरेमा कुनै पनि बखत अध्ययन पूरा नगरी फर्केर आएमा त्यस अवधिभर प्राप्त गरेको तलब, छात्रवृत्ति र अन्य सुविधा बापत लिएको रकम फर्काउनु पर्नेछ । साथै त्यति अवधि सेवा अवधिमा गणना गरिने छैन ।

-(३) अध्ययन बिदा आफ्नो सेवा अवधिभरमा एक वा पटक पटक गरी ५ वर्षभन्दा बढी हुनेछैन ।

(४) अध्ययन बिदा पाएका शिक्षक तथा कर्मचारीले अध्ययन पश्चात् देहायमा उल्लेख भए बमोजिम विश्वविद्यालयमा रही सेवा गर्नु पर्नेछ र सोही अनुसार निजहरूलाई तोकिए बमोजिम कबुलियत गराउनु पर्नेछ ।

अध्ययन अवधि २ वर्ष अथवा त्यसभन्दा कम भएमा ३ वर्ष

अध्ययन अवधि २ वर्षभन्दा बढी भएमा ५ वर्ष

(५) अध्ययन बिदामा बस्ने कुनै पनि शिक्षक वा कर्मचारीले अध्ययन बिदाको अवधिमा पनि सेवा अवधिमा सञ्चित हुने बिरामी बिदा पाउनेछन् ।

(६) कार्यकारी परिषद्ले आवश्यक देखेमा एक आर्थिक वर्षमा अध्ययन बिदा दिन सकिने शिक्षक तथा कर्मचारीको अधिकतम हद तोकिएको छ ।

(७) उपनियम (२) बमोजिम अध्ययन बिदामा जाने वाहेक अरू कार्यक्रममा बेतलबी अध्ययन बिदा लिई जान चाहने शिक्षक वा कर्मचारीले आफ्नो कार्यक्रमको विवरण (अध्ययन गर्ने विषय, अवधि, परीक्षा आदि) र सम्बन्धित निकायको सिफारिससहित ६ महिना अगावै आवेदन दिनु पर्नेछ । कार्यालयको काममा बाधा नपर्ने देखिएमा मात्र अध्ययन बिदा दिन सकिनेछ ।

-(८) यस नियम बमोजिम विश्वविद्यालय सेवा अवधिभर एक पटक पनि अध्ययन बिदामा नबसेको कर्मचारी र यस नियमका अतिरिक्त नियम २८ बमोजिम स्वाध्ययन बिदा एक पटक पनि लिन नपाएको शिक्षक न्यूनतम २० वर्ष सेवा अवधि पूरा गरी सेवाबाट अवकाश हुँदा खाईपाई आएको ६ (छ) महिनाको तलब वरवरको रकम यस्ता शिक्षक कर्मचारीलाई दिइनेछ । स्वाध्ययन बिदा उपभोग गरी सकेको शिक्षकहरूको हकमा स्वाध्ययन बिदा बसेको अवधि कटौत गरी ६ (छ) महिनाको तलबको दामासाहीले हुने रकम दिइनेछ ।

२८. स्वाध्ययन बिदा :

१) पूरा समय काम गर्ने विश्वविद्यालयको स्थायी शिक्षकले आफ्नो आवश्यकता अनुरूप आफ्नो पेशागत शैक्षिक योग्यता बढाउन र अध्ययन-अनुसन्धान सम्बन्धी काम गर्न विश्वविद्यालयका काममा बाधा नपर्ने गरी स्वाध्ययन बिदा पाउन सक्नेछ । यस्तो बिदा स्वीकृत गराउनुपूर्व सम्बन्धित शिक्षकले पेशागत शैक्षिक योग्यता बढाउन वा अनुसन्धान सम्बन्धी कार्य गर्न प्रस्तावित कार्य योजना आफ्नो निकाय प्रमुखको सिफारिससहित रजिष्टार समक्ष पेश गर्नु पर्नेछ । रजिष्टारले विज्ञद्वारा प्रस्तावित कार्ययोजनाको मूल्याङ्कन गराई स्वीकृति गर्न सक्नेछन् ।

२) विश्वविद्यालयमा ७ वर्षसम्म स्थायी सेवा पूरा गरिसकेका स्थायी शिक्षकलाई प्रत्येक ७-७ वर्षको अन्तरालमा १ पटकमा १ वर्षमा नबढाई बढीमा २ पटकसम्म स्वाध्ययन बिदा दिन सकिनेछ । यस्तो बिदामा बस्दा विश्वविद्यालय वा अन्य सरकारी वा अर्ध-सरकारी वा गैरसरकारी क्षेत्रमा तलब वा अन्य सुविधा वा पारिश्रमिक लिई वा नलिई काम गर्न पाउने छैन । तर राष्ट्रिय वा अन्तर्राष्ट्रिय स्तरमा प्राप्त हुने प्राज्ञिक किसिमको अध्ययन वा अनुसन्धान सम्बन्धी फेलोसिपका लागि मनोनयन भई स्वाध्ययन बिदा उपभोग गर्ने शिक्षकलाई तोकिएको पारिश्रमिक लिनबाट बञ्चित गरिने छैन ।

(३) स्वाध्ययन बिदा लिन चाहने शिक्षकले बिदा माग गर्दा आफूले गर्न चाहेको अनुसन्धान कार्य वा शैक्षिक योग्यता वा अध्ययन वा पाठ्यपुस्तक तयार गर्ने योजनाको विस्तृत विवरण प्रस्तुत गर्नुपर्नेछ ।

(४) स्वाध्ययन बिदा दिनुपूर्व निजका सट्टामा अर्को सट्टा शिक्षक राख्दा आइपर्ने थप आर्थिक व्ययभारलाई मनन गरी विश्वविद्यालयले व्यहोर्न सक्ने नसक्ने स्थितिमा निर्भर रहनेछ ।

(५) स्वाध्ययन बिदा शिक्षकलाई आत्मोन्नतिका निमित्त दिइने एक सुविधा मात्र हो अधिकार होइन ।

* दोस्रो संशोधनद्वारा संशोधित

- छैटौँ संशोधनद्वारा संशोधित

(६) स्वाध्ययन विदामा बस्ने शिक्षकले आफ्नो तलबको आधा रकम मात्र पाउनेछ ।

***२९. असाधारण (बेतलबी विदा):**

कुनै विदा बाँकी नरहेमा वा सम्बन्धित स्थायी शिक्षक वा कर्मचारीले असाधारण (बेतलबी) विदा पाउन मनासिब कारण सहित निवेदन गरेमा सम्पूर्ण सेवा अवधिमा अधिकतम ३ वर्षसम्म सेवा अवधि नजोडिने गरी असाधारण (बेतलबी) विदा प्रदान गर्न सकिनेछ ।

३०. विशेष विदा :

पोखरा विश्वविद्यालय सेवामा ४ वर्षसम्म सेवारत स्थायी शिक्षक वा कर्मचारीको अध्ययन र असाधारण विदाबाहेक अन्य विदा बाँकी नरहेका अवस्थामा आधा तलब-भत्ता पाउने गरी १ वर्षमा ३० दिनमा नबढाई नोकरी अवधि भरमा १२ महिनासम्म विशेष विदा प्रदान गर्न सकिनेछ ।

***३१. सट्टा विदा :**

सार्वजनिक विदाका दिनमा काममा लगाइने शिक्षक वा कर्मचारीलाई सट्टा विदा दिइनेछ । सार्वजनिक विदाका दिनमा काम गर्नु पर्दा काम गर्ने शिक्षक वा कर्मचारीले उक्त विदाका दिनमा गर्नुपर्ने कामको विवरणसहित पूर्व स्वीकृति लिएर कार्य गर्नु पर्नेछ । सार्वजनिक विदाका दिनमा काम गरे बराबर सट्टा विदा दिइनेछ ।

***३२. स्थानीय सार्वजनिक विदा :**

विश्वविद्यालयले वर्षभरीमा बढीमा ४ दिनसम्म स्थानीय सार्वजनिक विदा दिन सक्नेछ । यस्तो विदाको दिन नयाँ वर्ष प्रारम्भ हुनुपूर्व तोकने अधिकार विश्वविद्यालयका रजिष्ट्रारलाई हुनेछ ।

३३. विदा सञ्चित हुने :

कुनै शिक्षक वा कर्मचारी विश्वविद्यालय सेवाभित्रको एक पदबाट अर्को पदमा सरुवा, बढुवा वा नियुक्त भएमा निजको सो सरुवा, बढुवा वा नियुक्ति हुँदाको बखत सञ्चित रहेका सबै किसिमका विदा नयाँ पदमा बहाल गरी सञ्चय गरेको विदा सरह मानिनेछ ।

३४. विदा उपभोग गर्न नपाउने :

यस नियमावलीमा जुनसुकै कुरा लेखिएको भएतापनि कार्यकारी परिषद्बाट अत्यावश्यक सेवा भनी तोकिएका कर्मचारीहरूले कुनै पनि सार्वजनिक विदा उपभोग गर्न पाउने छैनन् तर सोबापत निजहरूले १ वर्षमा ७० दिनको सट्टा विदा पाउने छन् । आर्थिक वर्षका अन्त्यमा उपभोग नगरी बाँकी रहेको सट्टा विदाको रकम खाइपाई आएको तलबको अनुपातमा दिइनेछ ।

-३४क. सार्वजनिक विदा गाभिने : भैपरी आउने र पर्व विदा, विरामी विदा र घर विदा वाहेक अरु कुनै प्रकारको विदा लिई बसेको विश्वविद्यालयको शिक्षक तथा कर्मचारीले लिएको विदा अवधि भित्र सार्वजनिक विदा परेमा सो अवधि पनि निज शिक्षक कर्मचारीले लिएको विदामा परिणत हुनेछ ।

३५. विदा अधिकारका रूपमा नहुने :

विदा अधिकारका रूपमा मानिने छैन । विश्वविद्यालयका काममा बाधा नपर्ने गरी दिइने सुविधा मात्र मानिनेछ । विरामी विदा, क्रिया विदा र सुत्केरी नै हुँदाको प्रसूति विदाबाहेक कुनै पनि विदा पूर्वस्वीकृतिविना उपभोग गर्न पाइने छैन ।

३६. विदा स्वीकृत गर्ने अधिकारी :

(१) तोकिएको अख्तियारवालाले विदा स्वीकृत गर्न सक्नेछ तर अध्ययन र असाधारण विदा उपकुलपतिले स्वीकृत गर्नेछन् ।

(२) विश्वविद्यालयले अत्यावश्यक र उपयुक्त ठानेमा अध्ययन विदामा बसेका कुनै पनि शिक्षक वा कर्मचारीलाई फिर्ता बोलाई विश्वविद्यालयको काम वा सेवामा लगाउन सक्नेछ ।

विषय:- निर्णय उतार पठाएको सम्बन्धमा ।

उपर्युक्त विषयमा मिति २०७५/०९/०६ गते बसेको विश्वविद्यालयको कार्यकारी परिषद्को बैठकबाट भएको निर्णय उतार देहायबमोजिम रहेकाले आवश्यक जानकारी एवं कार्यान्वयनका लागि पठाएको व्यहोरा निर्देशानुसार अनुरोध गर्दछु ।

निर्णय नं १)

विश्वविद्यालय र मातहतका संकाय/निकायहरूमा अध्यापन तथा कार्यरत शिक्षकहरूबाट अध्ययन विदा/अध्ययन काज/काजका लागि एकै समयमा धेरै आवेदन दर्ता हुने गरेको, एकै ब्यक्तिबाट पटक पटक आवेदन गर्ने गरेको, संकाय/निकायको पठन पाठन सञ्चालनमा कठिनाई हुने अवस्थामा समेत अध्ययन विदा/अध्ययन काज/काजका लागि आवेदन दिने गरेको र सोका लागि सिफारिस गर्ने गरेको, विदा स्वीकृत नगराई अनुपस्थित रहने गरेको पाइएकाले यस प्रकारका कार्यलाई थप व्यवस्थित पार्न विभिन्न समयमा अध्ययन विदा/अध्ययन काज/काजमा राष्ट्रिय तथा अन्तराष्ट्रिय सभा, सम्मेलन, सेमिनार, गोष्ठी आदिमा कार्यपत्र प्रस्तुत गर्न जादाँ उपलब्ध गराइने सुविधाका सम्बन्धमा विगतमा भएका निर्णयहरू माथि छलफल हुँदा सो सम्बन्धमा विगतमा भएका निर्णयहरूमा परिमार्जन तथा थप ब्याख्या सहित एकिकृत रुपमा पेश भएको मस्यौदालाई स्वीकृत गरी लागू गर्ने निर्णय भयो ।

Pokhara University

Regulations for Doctoral Programme

I. INTRODUCTION

- (1) The Doctor of Philosophy (PhD) degree will be awarded upon the fulfilment of all requirements stated under the common rules and the "Regulations for the Doctoral Programme" of Pokhara University.

II. OBJECTIVES

- (2) The objectives of the Pokhara University Regulations for the Doctoral Programme are to regulate and guide the Pokhara University Doctoral programme, which aims at producing expert and specialized high-level human resources for teaching, research and professional services, who shall profess theoretical excellence and practical comprehension in a particular area of humanities, management, science and technology, or social sciences.

III. MODALITY OF THE DOCTORAL PROGRAMME AND ELIGIBILITY FOR APPLICATION

- (3) The Pokhara University Doctoral programme shall be an integrated programme under the "Pokhara University Doctoral Programme". The programme constitutes the following two tracks:
 - (i) **Research Only Track** for those who have already completed an MPhil degree
 - (ii) **Coursework-Research Track** for those who have simply a Masters degree
- (4) Prospective students with the following academic degrees are eligible for application to the Doctoral programme under the specific track.
 - i. An MPhil degree in a related area of studies from Pokhara University, or any other university recognized by Pokhara University, or an academic degree that is certified equivalent to MPhil degree of Pokhara University with a CGPA of 3.50 in a scale of 4.00 grading system, or First Division on percentage system of evaluation is eligible for admission into the *Research Only Track* of the Doctoral programme.
 - ii. A Master degree in a related area of study from Pokhara University or any other university recognized by Pokhara University, or an academic degree that is certified, equivalent to Master degree of Pokhara University with a CGPA of 3.00 in a scale of 4.00 grading system, or Second Division on percentage system of evaluation is eligible for the *Coursework-Research Track* of the Doctoral programme.

IV. DURATION OF THE PROGRAMME

- (5) The doctoral programme is a three year programme, constituting six normal semesters. However, students are allowed to complete different stages according to the following time duration.
- i. A student, who is admitted to the *Coursework-Research Track*, is allowed to complete the required coursework in four semesters from the date of admission. If a student is unable to complete the coursework within the given duration of four semesters, the University registration for Doctoral programme of the student will be annulled; but the student may be transferred to the MPhil programme, which can be completed under the normal duration specified for MPhil degree, if the student can secure the minimum CGPA required for MPhil degree.
 - ii. A student, who is enrolled under the *Research Only Track* and the student who is enrolled under the *Coursework-Research Track* and successfully completed the coursework, shall register for doctoral candidacy and successfully complete the candidacy within one year from the date of registration to the doctoral candidacy. If a student is unable to complete the required doctoral dissertation proposal required for doctoral candidacy and so becomes unable to achieve the status of doctoral candidate within the given duration of one year from the date of registration to the doctoral candidacy, his/her doctoral registration will be annulled; but the student, who is enrolled under the *Coursework-Research Track* may be transferred to the MPhil programme, which can be completed under the normal duration specified for MPhil degree, if the student can secure the minimum CGPA required for MPhil degree.
 - iii. The doctoral candidate shall complete his/her dissertation within three years from the date of candidacy. If a student is unable to complete the doctoral dissertation within the given duration of three years from the date of candidacy the student may apply for reregistration. The extended time duration shall not exceed two years. If the student cannot complete his/her studies within the extended period, the doctoral candidate's University registration will be annulled.

V. REQUIREMENTS FOR THE AWARD OF DOCTORAL DEGREE

- (6) The requirements for the award of Doctoral degree are as follows.
- i. A student, who is enrolled on the *Coursework-Research Track*, shall complete a minimum of 24 credit advance courses;
 - ii. A student, who is enrolled on the *Research Only Track* shall audit course(s) if recommended by the Doctoral Student Supervisory Committee (DSSC);
 - iii. A student shall have successful candidacy for the advancement to the doctoral dissertation upon writing a successful proposal and defending it in

- an academic gathering, in the presence of the Doctoral Student Supervisory Committee (DSSC) along with at least one member of the Pokhara University Council for Doctoral Studies (PUCDS);
- iv. One conference paper with the first authorship of the student based on the student's doctoral dissertation research shall be presented in a national or international conference;
 - v. One research article with the first authorship of the student based on the student's doctoral dissertation research, must be accepted for publication in a peer reviewed international journal;
 - vi. A successful presentation of the doctoral dissertation in a doctoral seminar, which is attended by members of the Doctoral Student Supervisory Committee and at least one member of the Pokhara University Council for Doctoral Studies; and
 - vii. Approval of the doctoral dissertation by the final examiners of Doctoral Dissertation, which is constituted of the Doctoral Student Supervisory Committee and two external examiners, who would be nominated by the Pokhara University Council for Doctoral Studies on the recommendation of the Doctoral Student Supervisory Committee.

VI. APPLICATION FOR ADMISSIONS

- (7) Application to admission will normally be called twice a year for March and September intakes.
- (8) The Doctoral Programme Office of Pokhara University will call for application for the doctoral studies. The admission for *Coursework-Research Track* of the Doctoral programme will be open along with the MPhil admission as the coursework for the Doctoral and MPhil programmes will run together.
- (9) Only those applicants who meet all the requirements of the university, including specific requirements of Faculties and/or Schools set forth in the notice may apply for the particular track of the Doctoral programme. Applications for enrolment must be made in the official form (Annex 1: Form 1_Application for Admission to Doctoral Studies) issued by the Doctoral programme to be considered in a particular academic year.
- (10) Along with the Application Form, an applicant to the Doctoral degree shall submit the following documents:
 - i. *A statement of purpose:* A statement of the applicant's purpose (not more than one page) in applying for Doctoral studies must be submitted, incorporating the reason for Doctoral studies, plans for future occupation or profession, and the contribution of the Doctoral studies in the career of the applicant (Annex 2: Form 2_The Statement of Purpose).
 - ii. *A preliminary research proposal:* The applicant shall submit a synopsis of research proposal within 2,000 words for the doctoral degree. It should

consist of an introduction, the justification for the study, issues and problems of the research, objectives, hypotheses, methodology, expected outcome of the research, the schedule of the research work, and references along with a selected bibliography of 10 to 20 relevant publications (Annex 3: Form 3_Preliminary Research Proposal).

- iii. *A portfolio of works* should be submitted incorporating the list of publications and/or research reports (if available) with copies of two publications and/or reports that give an idea of research achievements of the applicant (Annex 4: Form 4_Portfolio of Works).
- iv. *Letters of recommendation* from two referees, one of which shall be an academic faculty from the student's previous institution shall be submitted in the prescribed official format (Annex 5: Form5_Letter of Recommendation).
- v. *Copies of Academic Certificates*: An applicant to the Doctoral studies shall submit attested copies of all academic transcripts. If admission is granted, original Migration Certificate must be submitted for admission.

VII. FEES AND PAYMENT

- (11) Fees for the doctoral studies may be decided by respective Doctoral Programme/Schools/Colleges through their proper decision making procedures. Different fees may be charged for individual Nepalese students, Nepalese institutional students, foreign students from SAARC countries, institutional students from SAARC countries, foreign students from other than SAARC countries, and institutional students from other than SAARC countries. Fee revision may be allowed within a limit of ten per cent increment at one revision.
- (12) If the Pokhara University Council for Doctoral Studies decides more than 18 credits to be completed by a particular doctoral student, the fees shall be increased according to the additional number of credits.
- (13) In case a student is unable to complete one of the three segments of the doctoral studies within the stipulated time, the student shall pay additional fees in the following way.
 - i. In case a student is unable to complete his/her coursework within the stipulated time of two semesters, the student shall pay fees for all remaining courses and all other specified fees applicable to coursework segment in each additional semester.
 - ii. In case a student is unable to successfully complete his/her proposal defence and register as doctoral candidate within the stipulated time, the student pays six-credit equivalent tuition fee, and all other specified fees applicable to proposal writing segment in each additional semester.
 - iii. In case a student is unable to successfully complete his/her research work within the stipulated time, the student shall pay all fees applicable to the

research segment of the doctoral studies in each additional semester, i.e., in addition to admission fees covering the expenses of research supervision, examination, colloquium, seminar, library, student welfare and PU development.

- (14) A student shall pay the instalment according to the schedule. Should a student failed in paying timely instalment of the fees, he/she not be allowed to continue with the next step in the process of Doctoral studies until the dues are clear.

VIII. ENTRANCE TEST, EVALUATION OF APPLICATIONS AND ADMISSION

- (15) Admission to the Doctoral programme shall be granted based on the combined score of the following three types of evaluations.
- i. Written entrance test;
 - ii. Evaluation of the application documents, i.e. statement of purpose, preliminary research proposal, publications, recommendations, and academic transcripts submitted by the applicant; and
 - iii. Interview of the candidate.
- (16) A merit list shall be derived from the combined results of the entrance test, evaluation of application documents, and interview of the candidate; and the applicants, who pass the admission tests, shall be offered admission in the Doctoral programme of Pokhara University on the basis of merit list.
- (17) Successful candidate for *Coursework-Research Track* may start his/her studies either in March or in September.
- (18) Selected applicants shall pay the full required first instalment of fees to be admitted into the programme.

IX. EVALUATION SYSTEM OF COURSEWORK

- (19) Attendance Requirements: The students must attain every lecture, practical class, and seminar. However, to accommodate for late registration, sickness and other such contingencies, the attendance requirements will be a minimum of 80 per cent of the classes actually held.
- (20) A student's academic performance in a course is evaluated in two phases as:
- Internally by the concerned faculty member and
 - Externally by the Office of the Controller of Examinations through semester-end examinations.
- (21) A sixty per cent weight is given to the internal evaluation and forty per cent weight is given to the external evaluation (Semester-end examination). The pass mark for both the internal evaluation and external evaluation (Semester-end examination) is sixty per cent. A student must qualify in both evaluations

separately to get a pass grade in a particular course. The final grade awarded to a student in a course is based on his/her consolidated performance in both internal and external evaluations.

- (22) The internal evaluation may consist of various components like in-class problem solution; journal article reviews; book reviews; thematic/topical clipping of newspapers, their analysis and presentation; written examinations; presentation of reflection notes; surveys and reports; case studies; project works, and the like. A student will get NOT QUALIFIED (NQ) status in the internal evaluation if his/her performance falls below the minimum requirement. Such students will not be allowed to appear in the semester-end examination of that particular course.
- (23) Grading System: Pokhara University follows a four-point letter grade system. The letter grades awarded to students will be as follows:

Letter Grade	Grade Point	Description
A	4.0	Excellent
A-	3.7	
B+	3.3	Good
B	3.0	Fair
B-	2.7	
C+	2.3	
C	2.0	Pass in individual course
F	0.0	Fail
I	-	Incomplete

- (24) If a student cannot finish all the assigned works for the course, he/she will be given an incomplete grade 'I'. If all the required assignments are not completed within the following semester, the grade of 'I' will automatically be converted into 'F'.
- (25) The performance of a student is evaluated in terms of two indices: (a) Semester Grade Point Average (SGPA) which is the grade point average of the particular semester, and (b) Cumulative Grade Point Average (CGPA) which is the grade point average of all the semesters.

$$SPGA = \frac{\text{Total honor points earned in a semester}}{\text{Total number of credits registered in a semester}}$$

$$CPGA = \frac{\text{Total honor points earned}}{\text{Total number of credits completed}}$$

Where,

Honor point = Grade point earned in a subject * Number of credits assigned to that subject

- (26) Repeating a Course: A course may be taken only once for grade. Since passing of all courses individually is a degree requirement, the student must retake the failing course when offered and must successfully complete the course. A student will be allowed to retake maximum of two courses to achieve a minimum CGPA of 3.3 for continuing the doctoral studies. The grade earned on the retake examination will substitute the earlier grade earned by the student in that course. A student can retake a course only when it is offered by the School/College.

X. APPOINTMENT OF THE DOCTORAL STUDENT SUPERVISORY COMMITTEE AND EXTERNAL EXAMINERS

- (27) The Pokhara University Council for Doctoral Studies upon the recommendation of the Executive Secretary of the Doctoral Programme upon consultation with the student will form a Doctoral Student Supervisory Committee (DSSC) for each student to guide, supervise, review the progress, partake in the final examination, and certify the candidate of completing the dissertation and other research outputs required for the award of the doctoral degree.
- (28) The DSSC may be formed taking faculties either from inside or outside the University as availability of the required expertise. However, one member must be from Pokhara University.
- (29) To evaluate the final dissertation of a student, upon presentation of the first draft of the dissertation, progress on conference paper and submission of the journal article to an international journal by the doctoral candidate, on the recommendation of the Doctoral Student Supervisory Committee, the Pokhara University Council for Doctoral Studies shall appoint three external examiners, one from Nepal and the other two from abroad.

XI. SUPERVISION OF THE DOCTORAL CANDIDATE

- (30) The Doctoral Student Supervisory Committee (DSSC) shall supervise the doctoral candidate throughout the research work period.
- (31) The doctoral candidate shall report in writing to his/her DSSC regularly as instructed by the Chairperson, at least twice every semester by submitting the Doctoral Research Progress Review Form (DRPRF) along with necessary supporting documents. A regular mid-term and final-term progress review will be done thereby necessary instruction will be given to the candidate.
- (32) The DSSC Chairperson shall keep records of the work progress of the candidate and send a copy of the DRPRF to the Executive Secretary of the Doctoral Programme for official record.

- (33) A candidate registered for the Doctoral programme may be required to teach or audit course(s) relevant to his/her research work on the recommendation of his/her DSSC.

XII. SUBMISSION OF DISSERTATION

- (34) Prior to the submission of the dissertation for final evaluation, the candidate shall submit a draft copy of dissertation along with a synopsis of not exceeding 3,000 words to the Doctoral Student Supervisory Committee.
- (35) The candidate while submitting his/her draft dissertation to the DSSC shall submit a declaration in writing according to Pokhara University prescribed format.
- (36) The dissertation submitted for the process of final examination shall satisfy the following requirements.
- i. The medium of dissertation is English;
 - ii. The dissertation must render some substantial contribution to the body of knowledge and show evidence of originality through the discovery of new facts or the exercise of independence and critical power in the interpretation of theories and facts, and must state the material published or unpublished used by the candidate; and
 - iii. The dissertation must be satisfactory in terms of its language and presentation.
- (37) Should DSSC not be satisfied with the quality of the works or presentation, the candidate shall be allowed to resubmit the amended draft and present it within three months.
- (38) The DSSC will consider the final output of the dissertation and grant approval for processing for final examination if it fulfils all the requirements.
- (39) The draft dissertation must be submitted to the Executive Secretary of the Council for Doctoral Studies (ESCDS) within one month of the approval from DSSC.
- (40) The candidate upon approval of the DSSC shall submit at least seven copies of synopsis of the dissertation, not exceeding 3000 words. This synopsis shall be sent to two of the external examiners for their prior consent to examine the final dissertation.
- (41) In the meantime, upon the approval of the DSSC the candidate shall submit at least seven hard copies¹ of the dissertation prepared in a prescribed format, printed and bound in soft-cover for officially submitting to the Final Examination Committee.

¹ The seven copies are required to keep one as an official copy, three copies for the external examiners, three copies for three members of the Doctoral Student Supervisory Committee. Additional copies may be required if the number of the Doctoral Student Supervisory Committee is more than the minimum number of three.

XIII. EXAMINATION OF DISSERTATION

- (42) The ESCDS upon approval of the PUCDS shall send a copy of the dissertation each to the two of the three external examiners, one from within the country and the other from abroad to evaluate the dissertation.
- (43) The external examiners may recommend that the dissertation be accepted for the award of Doctoral degree subject to the report of the final examination at the academic seminar and defence as well as the submission of the seminar paper and journal article, or that the dissertation be allowed to be resubmitted with necessary improvement, or that the dissertation be rejected.
- (44) If the evaluation result of the first external examiners is to resubmit the dissertation, the candidate shall have to redo the dissertation work with a view to respond the comments of the external examiners.
- (45) Candidate who is required to incorporate comments to his/her dissertation must do so within three months from the date of officially submitting the comments of the external examiners to him/her, but not exceeding the overall time limit of the programme.
- (46) If there is difference of opinion between the two external examiners in regard to the acceptance of the dissertation, it shall be referred to the third foreign examiner for decision.
- (47) Upon approval of the final draft dissertation by the two external examiners, the Executive Secretary of the Doctoral Programme in consultation with the Chairperson of the DSSC shall call for the final doctoral seminar, final oral presentation, and defence of the doctoral dissertation by the candidate, which shall be participated by the two external examiners, one member of the Pokhara University Council for Doctoral Studies, and the members of the Doctoral Student Supervisory Committee.
- (48) The examiners will assess the written dissertation report and oral presentation. Each examiner shall submit a detailed assessment of the dissertation in a format prescribed by the PUCDS and may recommend either
 - i. an acceptance of dissertation in the form as presented; or
 - ii. an acceptance of dissertation in the form as presented, but with necessary corrections; or
 - iii. the dissertation be accepted with revisions that are to be advised to the candidate and then recommend for oral defence; or
 - iv. the dissertation be rejected.
- (49) A dissertation shall be resubmitted if so recommended by the examiners only once, and it shall be examined by the original examiners.
- (50) The revised dissertation shall be resubmitted along with full amount of examination fee.
- (51) A candidate whose dissertation is rejected shall not be allowed to pursue research work for the doctoral studies with the same topic.

- (52) The Executive Secretary of the Doctoral Programme shall notify the result in accordance with the decision of the Doctoral Dissertation Final Examination Committee, which comprises the Doctoral Student Supervisory Committee and the external examiners.

XIV. EXTENSION OF THE DURATION OF THE DOCTORAL PROGRAMME

- (53) The candidate who is unable to complete all the requirements of dissertation submission and examination within three years from the date of candidacy, he/she may request for an extension of the programme through the DSSC to PUCDS.
- (54) For the first time, i.e. after three years of the advancement of candidacy and/or the officially allowed time elapsed after the admission to the doctoral programme, the PUCDS may grant an extension for the period of one year. Afterward, PUCDS upon the recommendation of the DSSC may grant extension each time for a period of six months only for the remaining period of one year, i.e., within five years from the date of candidacy, unless a convincing reason is presented to extend beyond the period of six months, at once.

XV. AWARD OF THE DEGREE

- (55) The PUCDS shall arrange to confer the Doctoral degree for the successful candidate on the next convocation held for the conferring of the degree. The Doctoral degree of Pokhara University shall be awarded by the University upon fulfilment of all requirements stated in Rule (6) and follow rules and procedures of the Pokhara University award of the degree.

XVI. MISCELLANEOUS

- (56) To systematize and maintain the quality of the Doctoral programme the PUCDS may develop Doctoral programme working procedures as required and also may initiate any relevant actions relating to the modus operandi of the programme through the Academic Council.

UNIVERSITY GRANTS COMMISSION
Sanothimi, Bhaktapur, Nepal

**The UGC Collaborative Research Grant Agreement
(FY 2073-74)**

This agreement is made on this _____ day of _____ in the year _____ by and between:

1. University Grants Commission, Sanothimi, Bhaktapur, Nepal
- and
2. Vikash Kumar KC (Principal Investigator)
3. Ananta Raj Dhungana (Co-Investigator -1)
4. Purna Bahadur Khand (Co-Investigator -2)
5. Surya Mani Dhungana (Co-Investigator -3)
6. Tribhuvan University, Prithvi Narayan Campus (Host Institution-1)
7. Pokhara University, Pokhara (Host Institution-2)
8. Agriculture and Forestry University (Host Institution-3)

(hereafter referred to as "parties")

in connection with the **UGC Collaborative Research Grant** (Award No.: CRG-73/74-Ag & F-1) awarded by the UGC on 4th of January 2018 (2074 Poush 20) to the research team led by Vikash Kumar KC for the Collaborative Research Project titled, **"Climate Change and its Impact on Agriculture Sector: Evidence from Western Nepal"**.

The parties hereby agree to abide by the following terms and conditions:

Terms and Conditions

A. Right, Duties and Obligation of the UGC

1. Determine the amount of the grant to be awarded for the Collaborative Research Project based on the proposed budget on the Research Proposal and the needs assessment made by the Research Division and based further on the recommendations made by the Reviewers of the Proposal.
2. Disburse the approved grant in installments to the Host Institution of the Principal Investigator according to the scheme outlined in Section B of this agreement.
3. Periodically monitor the progress.
4. Take action in the case of unsatisfactory progress, negligence or misconduct on the part of the Investigators and the lack of cooperation of the research project on the part of the Host Institution.
5. Assist the Host Institution to have a code of academic integrity and policy on research misconduct, and on maintaining of research ethics.
6. Provide a Certificate of Grant Award and Completion to the Principal Investigator and the Co-Investigators upon the completion of the project marked by the submission of the final report of the Project to the UGC.

B. Grant Disbursement

1. The Collaborative Research Budget Estimate approved by the UGC is attached in Annex of this agreement and shall be used as a reference for allowable expenditure and approval by the UGC for adjustment during the project period.
2. The Research Fund is transferred to the Host Institution of the Principal Investigator in installments outlined in the Table 1 to be disbursed by the Host Institution to the Principal Investigator following the procedure.

3. The Host Institution of the Principal Investigator has provided the following bank account information for the transfer of the grant from the UGC:
- Name of Bank: **Nepal Bank Limited**
Address of Bank: **Bagar Branch, Pokhara**
Account Holder's Name: **Prithvi Narayan Campus, Pokhara, Nepal**
Account Type: **Current**
Bank Account No.: **09100101101358000001**
4. The procedure for the disbursement of the Research Fund from the Host Institution to the Principal Investigator in installments as requested by the PI is as follows:
- The Principal Investigator and Co-Investigators prepare a plan for research activities/procurement with cost estimation and submit it to the UGC for approval.
 - The UGC provides a letter of approval to the Principal Investigator. The UGC may also suggest a revision in the plan.
 - The Principal Investigator submits a request for the fund to the Host Institution along with the plan of activities/procurement and cost estimation, and the letter of approval received from the UGC.
 - The Host Institution disburses the requested funds to the Principal Investigator.
 - The Host Institution audits the Research Project expenditure following the rules of the Institution.
5. The Overhead Cost is for covering research management costs incurred by the Institutions. The Research Management Cell or any equivalent body in the Institutions is expected to receive a part or whole of the Overhead Cost.
6. All costs included in the budget estimate and any adjustment made later with the approval from the UGC are covered by this fund. Pre-award expenses including remuneration for proposal preparation and administrative travel are covered. All other expenditures under the items included in the budget estimate are covered starting from the date of award.

Table 1: Grant Disbursement Scheme:

UGC Collaborative Research Grant (Transferred to the Host Institution of the Principal Investigator)		
Research Category*	Amount (Rs.)	Installments
[A] [B] [C] [D]	2,000,000 (Two million Rupees)	1. 20% after the signing of the agreement. 2. 40% after the submission of the first Progress Report (Inception Report) to the UGC. 3. 20% after the submission of the progress report prior to the final report to the UGC. 4. 20% after submitting the duly completed final report to the UGC.

- * [A] Wet laboratory based, Maximum budget Rs. 20,00,000;
[B] Social survey based, Maximum budget Rs. 15,00,000;
[C] Library based or dry laboratory based; Maximum budget Rs. 10,00,000;
[D] Development and Innovation, Maximum budget, Rs. 20,00,000

7. The parties understand that as the research project progresses, depending upon the results obtained and prevailing condition of the market, the headings and the estimate of expenditure may need adjustment.
8. Any adjustment in the budget estimate made by Investigators must be reported to UGC in a separate communication or in periodic Progress Reports and Final Report and the UGC has right to accept, reject or suggest the revision.

9. Laboratory equipment, reagents, consumables and software purchased with the Research Support Fund are the property of the Host Institution.
10. For any patentable invention, a separate agreement complying with the policies of the universities to which the Investigators belong shall be made.
11. The Final Report must include the financial report of the research project.

C. Obligation of the Host Institutions

1. Obligation of all Host Institutions

- i. Provide full institutional support to the research team and the research project.
- ii. Assist the Principal Investigator and the Co-Investigators in regard to fulfilling their obligation to supervise thesis students as specified in Article D-1.
- iii. Have an institutional code of academic integrity and procedure to address research misconduct in place and ensure strict adherence to them by the Institution, the research team and all members of the Institution (subject to Article A-5).
- iv. Abide by the UGC regulations related to research and academic programs.
- v. Monitor the progress of the project and facilitate any monitoring by the UGC.

2. Obligation of the Host Institution of the Principal Investigator

- i. Accept the institutional overhead cost paid by the UGC to cover the overhead cost in connection with the research project and to support Research Management Cell or equivalent body in the institution.
- ii. Accept the installment of the research grant disbursed by the UGC for the research project.
- iii. Disburse the research grant received from the UGC to the Principal Investigator according to the scheme outlined in Section B.
- iv. Audit the financial statement of the Research Project as per the rules of the Institution.
- v. Refund the unused fund of the grant received from the UGC if the research project is terminated or not completed within the specified time or the deadline extended by the UGC.

D. Obligation of the Principal Investigator and Co-Investigators

1. Supervise at least three Masters/MPhil students or a PhD student and a Masters/MPhil student for their theses by providing thesis research projects based on or complementary to the research project awarded by this agreement and funding them.
2. Maintain the highest level of academic integrity and research ethics.
3. Make honest and best use of the research fund. The research fund can only be used to cover allowable expenditure as specified in the Budget Estimate. All applicable financial rules must be followed for payments.
4. Accommodate the UGC's reviewers' suggestions on the research proposal and periodic progress reports.
1. Submit a progress report of every six months in a format provided by the UGC. The progress report should include progress in research, academic activities and expenditure details of the research fund.
5. Make an oral presentation on the progress of the work at the end of every year.
6. Publish at least two original research article based on the research work on a high JCR Impact Factor/ SJR ranked journal or three research articles in moderate or non-impact Factor/ non-ranked indexed journals or the UGC recognized peer-reviewed journals.

E. Other Conditions

1. The Principal Investigator and Co-Investigators declare that the proposed research is original and has not been submitted in full to any funding agency other than the UGC for funding.

2. The Principal Investigators and Co-Investigators declare that they have read and understood The UGC Guidelines regarding Research Misconduct and The UGC Procedure for Addressing Allegation of Research Misconduct and declare commitments to abide by these guidelines and procedures.
3. All the terms and conditions mentioned in the UGC Research, Development and Innovation Programs Implementation Guidelines 2017 are applicable.
4. Before the agreement, the UGC will provide the research team with the comments by the proposal reviewers, the oral presentation evaluators and information about the grant approved by the UGC. The team is required to revise the research proposal and budget details accordingly.
5. After signing the agreement, any major changes in the title or the objectives of the research project are not allowed. A minor change may be permitted by the UGC upon the recommendation of the UGC reviewers, the Cluster Committee or the Evaluation Committee.
6. Progress reports, publications in peer-reviewed journals, paper presentations in seminars/workshops, etc. are the major output indicators to be used to evaluate the performance of the Researchers.
7. The Investigators and the students conducting the research must maintain a Research Logbook recording all activities and relevant notes on a daily basis (on all active days).
8. If the progress is found unsatisfactory by the UGC reviewers and monitoring officers, the UGC will notify the Principal Investigator, Co-Investigators and the Institution and give directions for improvement. The UGC might take action, including a request to the Host Institution to withhold the disbursement of the Research Fund or the termination of the contract if a persistent lack of progress or negligence is found.
9. Research misconduct and any unethical activity are punishable. It is the Host Institution's obligation to conduct the investigation on any suspected or alleged research misconduct. Institutions that do not have adequate resources to conduct such an investigation might request the UGC for assistance. Any proceeding in the case of research misconduct will involve four steps of action consisting of Inquiry, Investigation, Adjudication and Appeal, and shall be carried out with fairness and expedience as fundamental principles.
10. The Collaborative Research must be completed within 3 years from the date of agreement. Extension for one more year may be considered if the research team makes a request, on a justifiable cause, to the UGC. The grant is closed at the end of the second/third/fourth year.
11. The materials purchased with the research fund are the property of the Institution or the laboratory of the Principal Investigator at the Institution.
12. In case of disputes with any issues with this agreement, the UGC reserves the right to give the final decision.

निर्णय नं. ४)

पोखरा विश्वविद्यालय स्वतन्त्र विद्यार्थी युनियनका सभपतिबाट कार्यालय सञ्चालन लगायत स्ववियूले आयोजना गर्ने कार्यक्रमका लागि रकम माग भएकाले रकम उपलब्ध गराउनुपूर्व स्ववियूले के कस्ता कार्यक्रमहरु आयोजना गर्ने भनी स्पष्ट हुन आवश्यक भएकाले सो सम्बन्धमा विश्वविद्यालय लेखाशाखाबाट उठाइएको टिप्पणी माथि छलफल हुँदा विगतमा विश्वविद्यालय/संकाय /स्कूलबाट हुदै आएका देहायमा उल्लेख भएबमोजिमका कार्यहरु स्कूल निर्देशकहरुको समन्वयमा निर्णय भएको मितिदेखि स्ववियूलाई आयोजना गर्न स्वीकृति दिने निर्णय भयो । यस आ. व. २०७५।०७६ का लागि स्ववियू शुल्कका अतिरिक्त प्रत्येक स्कूलमा विद्यार्थी कल्याण शुल्क वापत उठ्ने रकमको ४० प्रतिशतले हुन आउने रकम स्ववियूलाई उपलब्ध गराउने निर्णय भयो । यस प्रकार प्रत्येक स्कूलबाट उपलब्ध हुने रकमको फाँटवारी राख्ने, कार्यक्रम स्वीकृति गराई आयोजना गर्ने, रकम खर्च गर्ने, लेखापरीक्षण गराउने र वार्षिक प्रतिवेदन पेश गर्ने गराउने कार्य एक मात्र निकायबाट गर्न गराउन उचित हुने हुनाले विश्वविद्यालयका सबै स्कूलहरुले उपरोक्त बमोजिमका रकम स्कूल अफ इन्जिनियरिङमा पठाउन र प्राप्त रकम खर्च गर्दा स्वीकृति लिएर कार्यक्रम आयोजना गर्न र नियमानुसार हुनेगरी खर्च गर्न गराउन सम्बन्धित पक्षलाई जानकारी गराउने समेत निर्णय भयो ।

स्ववियूले आयोजना गर्ने कार्यक्रमहरु देहाय बमोजिम रहेकोछ -

१) नयाँ भर्ना भएका विद्यार्थीहरुको स्वागत कार्यक्रम :

यस अन्तर्गत हुने कार्यक्रमका अवसरमा नयाँ भर्ना भएका विद्यार्थीहरुका अतिरिक्त स्ववियूका पदाधिकारी तथा सदस्यहरु, निकायगत प्रतिनिधि विद्यार्थीहरु, आमन्त्रित विश्वविद्यालयका पदाधिकारी, शिक्षक तथा कर्मचारीहरु गरी बढीमा १२० जनासम्म (स्नातकोत्तर तहको भएमा ४० जनासम्म) आमन्त्रित गर्न सकिनेछ । वर्षमा एक पटक हुने यस कार्यक्रमका लागि नयाँ भर्ना भएका प्रतिविद्यार्थी र आमन्त्रितहरुका लागि खाजा खर्च वापत अधिकतम रु. ५०० (पाँच सय) सम्म उपलब्ध हुनेछ ।

२) अध्ययन पुरा गरेका विद्यार्थीहरुको विदाई कार्यक्रम :

यस अन्तर्गत हुने कार्यक्रमका अवसरमा अध्ययन पुरा गरी विदाई हुने विद्यार्थीहरुका अतिरिक्त स्ववियूका पदाधिकारी तथा सदस्यहरु, निकायगत प्रतिनिधि विद्यार्थीहरु, आमन्त्रित विश्वविद्यालयका पदाधिकारी, शिक्षक तथा कर्मचारीहरु गरी बढीमा १२० जनासम्म (स्नातकोत्तर तहको भएमा ४० जनासम्म) आमन्त्रित गर्न सकिनेछ । वर्षमा एक पटक हुने यस कार्यक्रमका लागि विदाई हुने प्रतिविद्यार्थी र आमन्त्रितहरुका लागि खाजा खर्च वापत अधिकतम रु. ५०० (पाँच सय) सम्म उपलब्ध हुनेछ ।

उपरोक्त बुँदा १ बमोजिम स्वागत कार्यक्रम गर्दा मिलेसम्म स्नातक तथा स्नातकोत्तर तहको एकै पटक र नमिलेमा स्नातक र स्नातकोत्तरतहका अलग अलग पनि गर्न सकिनेछ । त्यसैगरी बुँदा २ अनुसारको विदाई कार्यक्रम गर्दा पनि मिलेसम्म स्नातक तथा स्नातकोत्तर तहको एकै पटक र नमिलेमा स्नातक र स्नातकोत्तर तहका अलग अलग पनि गर्न सकिनेछ । स्वागत तथा विदाई कार्यक्रम एक वर्षमा एक तहको एक पटक मात्र आयोजना गर्न सकिनेछ ।

३) निकायगत खेलकुद तथा अतिरिक्त क्रियाकलापहरु (अन्तर स्कूल) :

11/4/2075

यस अन्तर्गत हुने कार्यक्रममा खेलको नियमानुसार आवश्यक खेलाडीहरु सहभागी हुन सम्कनेछन् । प्रति खेलाडी विद्यार्थी र २५ जना स्वयम् सेवकका लागि खाजा खर्च वापत रु.१२०। (एक सय बिस) का दरले रकम उपलब्ध हुनेछ । खेलकुद र अतिरिक्त क्रियाकलापका लागि आवश्यक सामग्री विश्वविद्यालय वा सम्बन्धित निकायले उपलब्ध गराउने छ ।

३। विश्वविद्यालयको प्रतिनिधित्व गरी जाने खेलकुद कार्यक्रम :

यस अन्तर्गत खेलकुद कार्यक्रममा सहभागी हुने विद्यार्थीहरुलाई कार्यक्रम हुने स्थानसम्म जान र आउन लाग्ने भाडा बाँपत यातायात व्यवस्था विभाग/निकाय/बस व्यवसायी समितिले तोकेबमोजिमको गाडी भाडा र दैनिक भत्ता रु. ५००। (पाँच सय) उपलब्ध गराउनेछ । टिम दर्ता तथा प्रवेश शुल्क लाग्ने भएमा सो वापत लाग्ने शुल्क समेत उपलब्ध हुनेछ । तर आयोजक संस्थाले उल्लेखित खर्च व्यहारेका अवस्थामा भने यस प्रकारका खर्चहरु उपलब्ध हुनेछैन ।

४। उपरोक्त क्रियाकलाप बाहेक अन्य क्रियाकलापहरु स्वविवूवाट गराउनु पर्ने भएमा विश्वविद्यालयका रजिष्टारबाट स्वीकृति लिई क्रियाकलापको प्रकृति हेरी संबन्धित स्कूलको सम्बन्धित बजेट शिर्षकबाट नियमानुसार खर्च गर्न सकिनेछ ।

Introduction:

Pokhara University Central Library (PUCL) was established along with the academic programs of University in 1999. At the start, the library had a collection of 200 volumes of books. By now, the collection exceeds 30,000 volumes of books. In addition, there are the collection of periodicals, thesis and CDs, journals, e-journals, magazines and newspapers in the library. The library is automated with LIBRA software from which all internal tasks such as book and patron management are carried out. For the security of library resources it is using CCTV cameras. Currently, PUCL has 12 staff.

As a university library, primary function of this library is to provide easy access to academic resources for university family. Although the library provides access to its resources to general public, the practice, however, is minimal.

The main function of this library is to provide information and resources required for research and knowledge.

Library Opening Hours:

Library opens in all days except in weekends and public holidays. Library opening hour is 6:00 AM to 6:00 PM.

Users:

The users of PUCL are students, teachers, researchers and staff of the University. Currently, PUCL has more over 2500 users.

Membership:

Students, teachers and staff are the member of the library. However, they must go through formal process of registration. For the registration, two copies of auto size photographs along with filled library form is required. If a member of general public wants to use library resources he/she should contact with library.

Services:

- Book transactions
- Document delivery
- User education
- Reference service
- CAS (Current Awareness Service)
- OPAC services

Online Resources:

Being a central library of Pokhara University, it has focused to enrich the reference collection along with text books. There are several online information resources available, purely for academic purpose. PUCL has got an online access to leading e-journals. It was made possible through INASP/PERII (Program for the Enhancement of Research Information), and NeLIC (Nepal Library & Information Consortium)

E- resources:

1. JSTOR: www.jstor.org
2. Project Muse <http://muse.jhu.edu/>

पोखरा-३०, कास्की

प्रस्तुत कर्ता स्कुल अफ डेभलपमेन्ट एण्ड सोसियल इन्जिनियरिङ्ग र

२०७५ चैत्र

तनावले मानिसको दैनिकी र सङ्गठनात्मक काम कारबाहीमा प्रत्यक्ष असर गर्छ ।
 तनावको प्रभाव उसको कार्यसम्पादनमा पर्ने गर्छ । सेवा प्रवाहमा असर पुग्दछ ।
 तनावले वैयक्तिक तथा शैक्षिक प्रशासनको सन्दर्भमा पनि तनावले विभिन्न अवस्था
 सिर्जना गरेको पाइन्छ । तनावलाई उचितरूपमा व्यवस्थापन गर्नसके त्यसले कार्य
 क्षमतावर्धनमा सकारात्मक ऊर्जा प्रदान गर्छ । तनाव व्यवस्थापन गर्ने उचित उपाय
 भनेको तनाव सिर्जनाको पहिचान गरी त्यसको सही सम्बोधन गर्नु हो ।
 कुनै पनि निर्धारित उद्देश्य प्राप्तिका लागि अरुलाई अगुवाई एवं पथ प्रदर्शन गर्ने
 कार्यलाई नेतृत्व (Leadership) भनिन्छ । कुनै खास परिवेशमा मानिसहरूको विचार
 कार्यलाई प्रभाव पार्ने, पथ प्रदर्शन एवम् निर्देशन दिने प्रक्रिया नै नेतृत्व हो ।
 यसै शब्दसमा मिति: २०७५/१२/०१ र ०२ गते तनहूँको वन्दीपुरमा OSHO's Way
 द्वारा सञ्चालन गरिएको कार्यशालामा स्कुल अफ डेभलपमेन्ट एण्ड सोसियल

PREFACE

It gives me immense pleasure to present the annual report of School of Development and Social Engineering (SDSE) for the fiscal year 2076/077. I hope, the report offers an opportunity to consider the short history of SDSE, to acknowledge the progress that has been made, and to look forward to the challenges ahead.

Post Graduate Diploma in Population Gender and Development was introduced as an initial program in 2004 leading to Master's degree which further developed into Masters in Population, Gender, and Development (MPGD) in 2005. School of Development and Social Engineering (SDSE) was established much later as a constituent school under the Faculty of Humanities and Social Sciences of Pokhara University in 2009 and acquired ownership of pre-existing MPGD program under it. Since its establishment, SDSE has been recognized as a centre of excellence and making greater effort for higher academic achievement. The academic knowledge and practical applications gained from this school rigorously offer a direction to confront challenges and opportunities in one's life. We have designed a series of academic programs for our Bachelor's and Master's degrees which include Bachelor in Development Studies (BDEVS), Bachelor of English Communication Studies (BECS), Masters in Population, Gender and Development (MPGD) and Masters in Development Studies (MDEVS).

The quality education being offered through participatory teaching and learning approach by the school enables students to maintain a balanced approach to personal career and social works. Within the last decade, a great number of outstanding students from this school have been able to pursue their career in reputed national and international organizations, including higher education and well-paid jobs abroad. We believe that higher education should not be limited to books or geographical areas, but instead meet demands of this era and go global. Based on this philosophy, we are building a unique environment for students to seamlessly integrate modern teaching methods, and to offer plenty of internships and project work programs. We are sure that we will be successful in building SDSE, one of the best places for educational and research hub, so that it becomes the framework of social scientists in Nepal and even in South Asia.

The School encourages students to participate in various social services to reinforce their social awareness through internships, fieldworks and project works. We have renowned faculty members who have gained expertise from reputed national and international universities from Nepal, India, Thailand, Australia, Norway, New Zealand, Netherlands, etc. They are well-equipped to deal with the challenges and needs, and are proactive and have empathy to support students in their daily life.

This report includes numerical facts, information, and comprehensive annual activities of SDSE till the end of the fiscal year 2076/077. I hope, the report would be beneficial to acquire information regarding SDSE to all the stakeholders. Finally, I wish to extend my sincere thanks to all faculties and staff for their direct or indirect assistance to bring this report to this form.

1. General Overview

Both society and development take the path of evolution and their studies and stock of knowledge take scientific approach, i.e. achieving intellectual insights, technical know-how and practical skills needed for the dynamic structure, process and behaviour of development and society through understanding, observation and experiment. Thus, the study of society and development has brought the immense stock of knowledge from economics, geography, natural and environmental sciences, sociology and anthropology, law, management, and political science into contemporary focus on development and social engineering, to address the future need of the professional, entrepreneurial and academic human resources required for development and societal engineering.

Located at the heart of the former Lekhnath municipality, Dhungepatan-Khudi area and the present Pokhara Metropolitan City ward no. 30, and housed in the academic complex of Pokhara University, School of Development and Social Engineering (SDSE) adheres the four pillar philosophy of teaching and learning: knowledge, technology, skill and practice as initiated and promoted by the founding Dean of Faculty of Humanities and Social Sciences (FHSS). The School is an institution, which is small in its stock, but very rich in human resources, i.e. with young, strong and energetic and self-driven faculty members. The School consistently focuses on academic comprehension and professional competence of individual students and committed for regularly strengthening the quality education. Its faculty members facilitated by its staff members, recognizing the student's challenges at the university and the workplace, are committed to enhance students' academic knowledge, technological updates, leadership and professional skills and readiness to work with organizations, institutions and communities as a professional, practitioner, or entrepreneur. The twenty-first Century global communities have shown very high concerns on economics, social engineering, environment, and governance across the globe, which have been strongly affected, based on issues positively or negatively, particularly through the expansion of social media and communication technologies. It is, therefore, the responsibility of Pokhara University to address these concerns in programs.

Within the above context, the School has thus based its vision, mission, goals, objectives, policies and programs with a view to create competent human resources (professionals, practitioners, social entrepreneurs and academics) having sound academic foundation, technological insights, skillful hands and positive work ethics.

Vision

SDSE is established with a vision to lead the contemporary academia in the fields of social sciences particularly with a focus to sustainable development and social engineering and to gain a pioneering national position as well as a strong international position in order to contribute towards the goal of Pokhara University and high quality human resources of the country and beyond.

Mission

The mission of the SDSE is to create "Development Leadership for the Future" by developing itself as the 'Centre of Excellence' in development and social engineering of higher education through teaching, learning, researching and providing outreach services the philosophy, theories and practices of development and society as well as providing training on development and social engineering.

The mission is also to ensure access to and equity in higher educational opportunity to all deserving and meritorious students with a preferential option for the poor and marginalized, irrespective of caste and creed with a mission to bridge the educational gap between the social divisions of rich and poor, rural and urban people by offering the benefits of education to the poor, marginalized, and needy, aiming to ameliorate their backwardness and empower them by enhancing among students competence building, professionalism, and leadership development with human values.

The School aims to produce junior, mid-level and expert-level human resources that are capable to provide leadership to the contemporary development and enabling the society and the nation to achieve the desired end of sustainable development and social justice.

The vision and mission are well reflected in the design of curriculum for each of the courses developed under FHSS and implemented under the School, the student support structure that is in place, the facilities available to faculties, the academic programs and additional academic support available to the students and the overall quality environment for the promotion of quality education.

To achieve the mission and work in alignment with its vision, the various thrusts of the School as presented in the seven criteria are:

- Quest for excellence – based on the four pillar philosophy (knowledge, technology, skill, and practice) of Pokhara University,
- Contributing to national development,
- Fostering and rewarding research, innovation and publication,
- Fostering global competence among students,
- Promoting the use of technologies,
- Inculcating a value system among students,
- Making the institution a forefront agent of transformation

Based on the vision and mission of the School and inputs from various stakeholders, the Strategic Plan of SDSE has been drafted.

Objectives

The overall objective of the School programs is to culminate in the knowledge, techniques, skills and practices in the interdisciplinary study areas of development and society by offering market-demanded, emerging and frontier courses on development and social engineering. Specifically, the School objectives are:

- to develop a Centre of Excellence for development and society;
- to enable students and researchers to understand the philosophy, theories and concepts of development and society;
- to enable students and trainees to learn the skills and to practice the methods and techniques of policy formulation, planning and implementation

- for the sustainable development and societal transfiguration;
- to train students, researchers and trainees to fulfill the demand of professional human resources required for local, sub-national, national and international development;
- to train students, researchers and trainees to fulfill the demand of academic human resources required for higher education, research and training;
- to develop among students, researchers and trainees effective leadership qualities for managing development and societal transfiguration;
- to educate graduates, researchers and trainees to undertake leadership roles at all functional levels of development, that is local, sub-national (sub-regional and regional), national and international as well as formal levels of development colloquially known as rural/urban municipality, sub-district, district, regional, provincial/state, central/national and global/ international; and

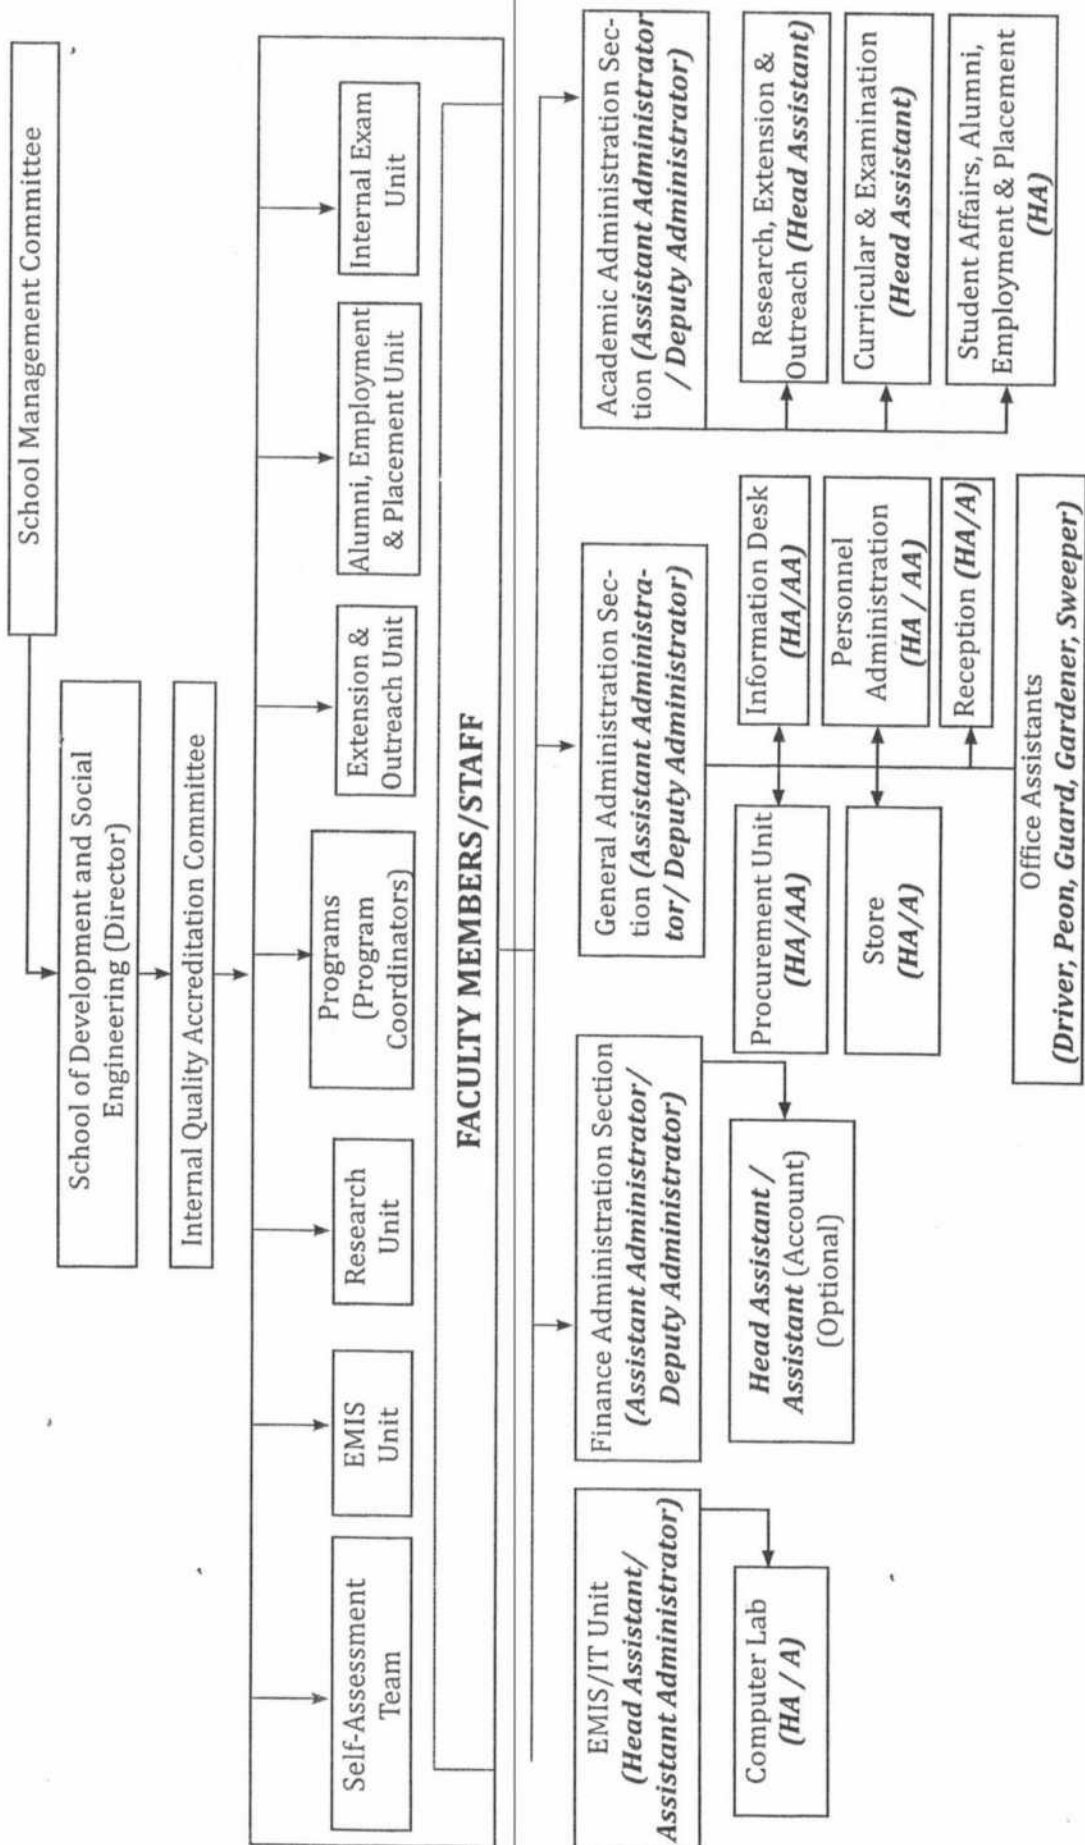

Those objectives will be achieved by

- designing and delivering social sciences education and skills that are relevant and required to meet the evolving development and social changes of the 21st Century;
- imparting education in various branches of learning;
- undertaking research and innovation in various branches of learning;
- undertaking extension education programs;
- providing training to faculties to up-date their knowledge (reinvigorate the teachers as well as teaching, research, publication, outreach and academic services);
- organizing specially designed orientation programs in teaching methodologies and pedagogy;
- undertaking updating and modernizing curricula and examination system; and
- taking up such activities as the School may deem proper to undertake in order to achieve its objectives

1. 2 Organizational Structure

Till the date, though there is a three tier organizational structure of Pokhara University: Centre, faculties and constituent schools and constituent colleges or affiliated colleges, the centre and faculties are only functioning as the full-fledged institutions with budgetary provisions if the affiliated colleges are excluded as they are fully managed by organizations. However, schools function as academic program implementing organizations without budgetary responsibilities, which are given to faculties. The existing basic organizational structure of SDSE is presented below:

Organizational Structure

2. Programs of Study

2.1 Master Programs

SDSE has been offering two master programs: Master in Population, Gender and Development (MPGD) and Master of Development Studies (MDEVS).

2.1.1 Master in Population, Gender and Development (MPGD)

MPGD is a graduate Program at the SDSE, FHSS, Pokhara University. It was initiated in 2004 with a Postgraduate Diploma leading to a Master's degree. This Program was launched under a tripartite agreement between Pokhara University, UNFPA, and the Government of Nepal to strengthen the university's capacities in teaching, research and training in the field of development incorporating the crosscutting issues of population and gender. It is an interdisciplinary course which aims to deal with the emerging thrust of the 21st century with an aim to develop leadership for the future by producing career oriented professionals, academicians, and social entrepreneurs in the domain of population, gender and development.

The objective of the MPGD Program is to produce highly qualified development professionals, keen academics, and entrepreneurs professing theoretical and practical knowledge in Population, Gender and Development. Fundamentally, students would impart theoretical insights and technical knowledge on development issues and practical skills on related research. The Program constitutes the social engineering of population and gender with reference to development dimensions.

2.1.2 Master of Development Studies (MDEVS)

First enrollment commenced in 2015, MDEVS is a graduate Program at SDSE under FHSS, Pokhara University. It is an interdisciplinary course which aims to deal with the academic tools, practical skills, and real word opportunities necessary to advance as leaders in professions and communities.

The objective of the MDEVS Program is to equip students with intellectual insights, technical know-how and practical skills through interdisciplinary understanding, observation and experiment of the concerned subjects. The Program also aims to provide students learning opportunities in contemporary and frontier fields of development: art, science and technology, thus the students can take the leadership role in the field of humanistic, spatial and environmental development at the national human resources market and social enterprises, as well as be ready to accept the international professional, academic and entrepreneurial challenges.

2.2 Bachelor Programs

SDSE has been offering two bachelor programs: Bachelor of Development Studies (BDEVS) and Bachelor of English and Communication studies (BECS).

2.2.1 Bachelor of Development Studies (BDEVS)

BDEVS started from 2010 is a four-year undergraduate Program at SDSE under the FHSS, Pokhara University. BDEVS is an interdisciplinary course with a total new focus. It aims to deal with the emerging thrust of 21st Century on development by producing high quality career oriented professionals, social and development entrepreneurs, and keen academics in the field of development.

The objective of BDEVS Program is to produce highly committed and competent development professionals, community planners and social workers, social entrepreneurs, enthusiast academics, and social and development leadership required to national and international development and social organizations for the 21st century. This is to achieve by imparting interdisciplinary knowledge in areas of development studies incorporating disciplinary and multidisciplinary stocks of knowledge from various disciplines of social sciences as well as management and technology to equip the students with analytical skills and methods, enhance practical skills, and foster inclusive democratic principles and practices.

2.2.2 Bachelor of English and Communication Studies (BECS)

BECS is a blended course between academic and professional orientation. It aims to produce graduates with competent academic, technical and practical knowledge, skill and technology to meet the national and international demand of professionals, communicators and enthusiast academics in English.

The objectives of BECS are to help students to develop their analytical skills by orienting them to the scholarly world of critical thinking and interdisciplinary knowledge in the integration of the twin disciplines of English and Communication studies; cultivate in their ability to shape ideas and foster values; expand students' personal and professional qualifications; develop in students the spirit of critical inquiry, ethical responsibility and personal fulfillment; and lead to life-long learning.

3. Academic Affairs

3.1 Faculties and Staff

SDSE consists of faculty members who are ever ready to help students achieve academic excellence in a diverse range of disciplines and fields. The faculty members are also dedicated to inspirational learning, combining teaching with work placements and impactful research. In addition to regular faculties, SDSE includes large number of guest faculties who have expertise and in-depth knowledge on particular discipline who are called in regular basis of time to ease teaching learning processes effectively. SDSE is composed of highly qualified and experienced professionals, who are carefully trained and supervised. The professional staff ensure the smooth delivery of the University's activities. The office helpers in SDSE are ever dedicated to perform their job.

3.2 Students

SDSE has been a choice of meritorious students coming from every walks of life since long. A notice inviting applications for admission is publicly announced in newspapers and PU Website (www.pu.edu.np). Eligible applicants have to attend entrance test (written exam followed by an interview) as applicable to qualify for admission. The academic session consists of two semesters per year. Generally, the Fall Semester (September –February) starts in September and the Spring Semester (March – July) begins in March. However, it may differ slightly in any particular year. The number of students studying in different programs in SDSE in the academic year 2076/077 are:

SDSE uses a range of pedagogical inputs that includes on-campus learning through lectures, classroom discussions, seminars, presentations, group work, case analysis, laboratory tests, guest lecture series, and off-campus learning through field study and workshop, project work, internship, on-line instructions, and internet conferencing.

3.3. Teaching Learning Modalities

3.3.1 Field Visit/Project Work/Internship

Bachelor level students (BDEVS & BECS) are required to go for development and professional exposure. Field visits are recognized as important moments in learning; a shared social experience that provides the opportunity for students to encounter and explore novel things in an authentic setting. The curriculum of most of the courses demand field visits that extends beyond the walls of the classroom to deepen and enhance quality round education. Their importance is supported by professional organizations and teachers.

In the fourth year, students will carry out an internship and intensive project work in their respective areas. During these projects; students will learn practical aspects of methods, tools and techniques so that they would be able to bridge University learning with practice. At the end of these projects, students will prepare related report/term paper and present their work in a seminar.

3.3.2 Planning Workshop

Both Master level programs incorporate "Planning Workshop". Its aim is to provide orientation of professional environment among students. During the workshop, students will learn the practicalities of development issues so that they would be able to link their theoretical understanding with the real world situation. During the workshop, students will understand the major development problems of the underdeveloped, developing and frontier localities, their communities, groups and households including generalized development state of affairs and related planning. At the end of the workshop, students will be able to prepare a planning document which will be ready to be implemented.

3.4 Academic Development and Activities

SDSE observed some significant academic developments and activities in the year 2076/077. The major activities observed during the year are:

3.4.1 QAA Process

Quality Assurance and Accreditation (QAA) has been recognized as one of the important aspects of improving quality of higher education throughout the world. University Grants Commission (UGC), Nepal has initiated the development of a system for QAA as a mission of improving quality of education in the country. Realizing the importance of quality education, SDSE has already initiated the QAA achievement process. The School with its full zeal and vigor is dedicated to fulfill all the requirements and is very hopeful to acquire QAA credential soon in the near future.

3.4.2 International Conference on Sustainable Development (ICSD 2019)

SDSE, jointly with FHSS, Pokhara University, organized International Conference on

Sustainable Development (ICSD 2019) from 8 to 30 June, 2019 in Pokhara, Nepal. Dozens of national and international academicians, researchers, professionals and university students including the students of SDSE participated in the conference.

3.4.3 MoU with NGO Federation Nepal

SDSE and NGO Federation Nepal Kaski (NFN Kaski) has entered into a formal relationship by signing a Memorandum of Understanding (MoU) to establish cooperation between SDSE and NGO Federation of Nepal Kaski. The purpose of this MoU is to cooperate on student internship, expertise exchange, and other activities, including training, workshops, seminars, and conferences as well as other areas of mutual understanding between the two institutions.

3.4.4 MoU with Kulturstudier AS, Norway

SDSE and Kulturstudier AS, Norway has entered into a formal relationship by signing a Memorandum of Understanding (MoU) to establish cooperation between SDSE and Kulturstudier AS, located at Markveien 35b, 0554 Oslo, Norway. The purpose of this MoU is to cooperate student exchange, faculty exchange, and other activities, including training, workshops, seminars and conferences as well as other areas of mutual understanding between the two institutions.

4. Research

SDSE believes that an institution can become a center of academic excellence only when a research culture exists and proliferates amongst faculty members and students. The School plays a very proactive role in promoting this culture. SDSE envisages that alike teaching, all teachers should involve in research throughout the year and the School through its Research Management Committee nurtures research culture among faculty members with maximum engagement of students through team efforts. Financial provisions for research and publication are made under the budget.

The School singly or jointly with other schools and academic organizations arranges expert lectures of researchers of eminence based on the research needs and availability of experts. Senior Professors from various institutes as well as professionals and practitioners from Government, public organizations and civil societies are invited under this scheme. The faculty is encouraged to pursue and complete doctoral and post-doctoral work for which they are granted up to five years' study leave with full pay. The faculty members are also provided with sabbatical leave of one year at a time to conduct specific research every six years during their service period.

5. Academic Participation

To understand the dynamisms of development and social engineering environment in the country and abroad, the School organizes national and international conferences as per its convenience. Faculty members are also granted special leave for attending conferences in general and to present full research papers with financial support in particular.

6. Committees and Units

SDSE is comprised of different committees and units that assist for the smooth functioning of the faculty goals. Some of the responsible committees and units in SDSE are as follow:

6.1 Internal Quality Accreditation Committee (IQAC)

IQAC has been established in SDSE and a broad framework has been prepared to achieve the vision, mission and objectives of the School. The committee is following up the execution of the plans to ensure the quality of performance and gain academic accreditation. The ultimate goal of the IQAC mechanisms is to contribute to the dissemination of quality culture in the institution. To facilitate the IQAC, EMIS and Tracer Study Committee have been formed. The other committees that facilitate the IQAC are Alumni, Employment and Placement Committee and Student Counseling Committee.

6.2 Self-Assessment Team (SAT)

SDSE has established SAT in accordance with the School procedure. Under IQAC, SAT works closely with other Committees to oversee, guide, prepare, compile and submit the documents related with policies, programs and activities required for QAA process.

6.3 Research Management Cell (RMC)

The major role of RMC is to encourage and promote research activities in the School. RMC is facilitated by the Dean himself/herself, or the Director, or a senior faculty member.

6.4 Education Management Information System (EMIS)

SDSE has formulated EMIS Committee that manages all the ICT related activities through the effective data maintenance and management. The EMIS maintains record of all the academic and other information. The EMIS is also established with the purpose to contribute data on effective strategic and policy level planning of the School and university both.

6.5 Extension and Outreach (E&O)

E&O committee has been formed in SDSE to manage educational and administrative tasks and to fulfill the provision of UGC.

6.6 Alumni, Employment and Placement (AEP)

AEP Unit in SDSE provides students and alumni with several opportunities for career preparation and employment. Various career development programs are offered to assist students in their career decision making process. AEP Unit also aims to assist students with internships and work placements that have a significant impact on their professional lives. In addition to that, AEP supports students to prepare in the cultivation and enhancement of career related skills; to build a strong connection with all SDSE alumni; and to provide effective services to organizations seeking to employ the School's graduates and students.

6.7 Student Counselling Unit

SDSE provides counseling services to the students on personal, academic, emotional, and social concerns that are common to college students and may impact overall well-being. Student Counseling Committee is formed in SDSE to provide counselling students on academic and career issues.

7. Awards and Scholarships

Honors are bestowed as recognition of outstanding academic achievement and as a means to further encourage sound scholarship. They are awarded to graduate as well as undergraduate students attaining the required proficiency. Various medals and awards have been offered at SDSE to honour outstanding achievements.

For undergraduate Program, to obtain a degree with Distinction, a student must obtain a CGPA of 3.60 or above. For graduate Program, to obtain a degree with Distinction, a student must obtain a CGPA of 3.70 or above. The students obtaining 3.70 or higher is given the Dean's list award as a recognition of outstanding performance in graduate program whereas the students in graduate program should obtain 3.80 or higher to obtain Dean's list award.

8. Student Activities and Participation

SDSE strives to provide a holistic program to support and empower students in shaping their own journey both within and beyond the classroom. To create a comfortable and inclusive environment for students, SDSE in coordination with class representatives and office of the Independent Student Union fosters the development and understanding of leadership through academic, entrepreneurial, civic, cultural, spiritual, and recreational activities so that they can share, create, and implement their own ideas. The major activities observed by the students are:

8.1 Academic Activities

SDSE offers hands-on approach to learning imbedded with real field experiences like planning workshop, internship or field visit study. Students actively participate in several conferences and guest lectures on a broad range of topics organized throughout the academic year. The major academic activities performed by the students are:

8.1.2 Field Visit Study

The students from SDSE visited different places for real field experiences demanded by different courses. The table given below shows the details of field visit study participated by the students in the academic year 2076/077

S.N.	Program	Place of Visit
1	BECS (Semester: II, IV)	Poon Hill, Myagdi
3	BDEVS (Semester VII)	Besishar, Gausahar, Lamjung
4	BDEVS (Semester: V)	• Rainaskot, Lamjung • Poon Hill, Myagdi
7	BDEVS (Semester: VI)	Barpak, Gorkha
8	MPGD, MDEVS	Western Nepal

8.1.3 Participation in Development Issues

The students of SDSE weekly conduct discussion program to flourish logical and leadership skills in the School. They explore innovative ideas based on current political and social issues in the program. The program is thought to be useful to produce development leaders for the society.

A team of student from SDSE got opportunity to participate in 'Model Youth Parliament Program' organized jointly by Tony Hagen foundation and Pokhara University held on Bhadra 6-7, 2076. The participants in the program exercised parliamentary process and practices where they enacted the role of speaker, ministers, leader of the major opposition party, secretariat member, marshal, reporter and photographer, etc.

8.1.4 Wall Journal Publication

The wall journal The Creation was founded by BDEVS 6th semester - 2075 batch in the same year as an attempt to transfer theoretical concept of journalism and articles into practice as demanded by the course 'Journalism for Development'. The patronage for the journal has been provided by the course coordinator Yuba Raj Tripathi. The

journal is published annually and primarily covers articles based on field visit studies. The first volume was published in 2075 B.S. whereas the second volume has been recently published in 2076. The content and the articles published in The Creation has won the attention, respect and praise from its readers since its establishment.

8.2 Social Activities

The value of University degrades if not eventful. It is not only the place for theoretical study but also the platform to acquire some soft skills for social life and other aspect. In this case, SDSE is very concerned about the kinds of activities that can be a good way to maintain social life for students so that they can adopt themselves in their working environment later on. In the academic year 2076/077, students from SDSE organized charitable involvement that included activities such as participating in community service, donating money to charity and old aged homes. The students from SDSE also participated in several volunteer works and cleaning campaigns.

8.3 Games and Sports:

SDSE provides facilities for sports and games to the students. SDSE enthusiastically observes a week sports festival annually. Besides that, the students from SDSE actively participate in several tournaments organized in district, province and national level. In the academic year 2076/077, students from bachelor's to master's level actively participated in intra-faculty indoor and outdoor games like chess, football, volleyball, basketball, cricket, etc. In addition to that, students from SDSE actively participated in a week inter-faculty sports competition organized by Independent Student Union, Pokhara University. On the occasion, SDSE won the following medals in the different events.

8.4 Cultural Activities

SDSE loves to plan and organize several cultural programs to make learning come alive where the students get platform to demonstrate their cultural training, and refinement of the intellect, interest, and skills. Such cultural activities mostly include dramatic presentation, painting, music and dance. In connection with that, Shila Thapa, a student from SDSE demonstrated her incredible art of classical dance in 'PU Talent Hunt' program organized by a cultural group Sharing Harmony in New Environment – Shine. Similarly, the students from SDSE heartily presents their dance and musical shows in several occasions organized in SDSE.

Result Analysis of SDSE (Academic Year 2017-2019)

Conclusion & suggestions:

- The outlined, in figures are representation of trend of passed students of each program.
- A clear fluctuation lies in the overall result of each programs (BDEVs BECS MDEVs MPGD) but with noticeable progress.
- The BDEVs trend analysis shows that the students well performed in 6th and 7th semester in comparison to other semesters. In fact, the student's performance is getting well along with their semesters. The more students are in higher semester the pass results are satisfactory. For instance, the result of BDEVs first and second semesters are approximately 20% simultaneously but it comes to 80% to 100% when comes; to 6th and 7th semesters respectively.
- As a younger program the pass percentage of BECS surprisingly similar in entire semesters i.e. 80%.
- Similarly, the result percentage of MDEVs touches approximately 70% in fall 2018. This program well-performed when it comes to Third Semester with passes percentage of 80%. Their result comes to the lowest point in second semester with more than 20% percentage.
- Finally, the students of MPGD highly performed well in Third semester with scoring 100% pass result in 2018 but with satisfactory results in other respective semesters by 60%, 70% percentage pass students.
- This program gets its minimum level in Spring 16 which incorporates second semester.
- Overall trend analysis shows that, there is a gradual progress in results of each program. Familiarity with the course might ease the students to score high and increase the overall percentage of the results.

Message from the Dean

The growing demand for practical development professionals, dedicated development leadership, enthusiast social engineers and social entrepreneurs, as well as emerging visionary leaders and profound academics has become a great challenge for universities. The disciplinary courses with heavy emphasis on theoretical teaching have been out of track and unable to fulfill the demand of market oriented human resources. Interdisciplinary courses on development and social engineering basically designed with simplified theories, participatory learning, technological insights, and practical skills with ample illustrations of practices is the way out to face those challenges, meet the market demand and enable its graduates to take the leadership role in this area.

The school of Development and Social Engineering, under the Faculty of Humanities and Social Sciences till now is offering a Master in Population, Gender and Development (MPGD), Master of Development Studies (MDEVS) and Bachelor of Development Studies (BDEVS) courses. Now, a new course Bachelor of English and Communication Studies (BECS) is added. These courses meet all international standards and requirements. They are also largely believed to meet the above mentioned market demand. The results we obtained so far show a very strong performance. I am quite convinced that the aspirants of profound studies would find all these courses very attractive one for their studies and future career development. In the meantime, the School of Development and Social Engineering of Pokhara University would successfully continue these courses with high quality, achieve and maintain high academic standards so that its graduates would take the leadership role for the fulfillment of the development leadership and human resources need of the 21st Century both in public and the private sectors in the area of development and societal engineering.

Prof Indra Prasad Tiwari, PhD
Dean, Faculty of Humanities and Social Sciences

Message from the Coordinator

Hello everybody! Welcome to the School of Development and Social Engineering (SDSE) at Pokhara University. In today's dynamic world, a 360 degree development and grooming is of supreme importance, thus we are creating an environment for future leaders, entrepreneurs and professional who possess skills and aptitudes in an array of functional disciplines. This is strengthened by the fact that we are offering academic programmes: Bachelor in Development Studies (BDEVS), Masters in Development Studies (MDEVS), Masters in Population, Gender and Development (MPGD) and Bachelor of English and Communication Studies (BECS) (new course) that can tailor to individual as per professional and market needs. From the very beginning, this school has been imparting inspiring and innovative teaching in the field of development studies, a rapidly growing area of study concerned with the need of 21st century. We focus on practical learning with the practice of high quality research to address the development issues of developing countries like Nepal. We provide knowledge on existing theories, policies, planning and implementing the social concepts thus they will make a positive contribution to the communities in which they live and work. I would be pleased to welcome you at School of Development and Social Engineering.

Ramji Prasad Adhikari

MASTER IN POPULATION, GENDER AND DEVELOPMENT (MPGD)- MORNING SESSION

The Master in Population, Gender and Development (MPGD) is a graduate programme at the School of Development and Social Engineering (SDSE), Faculty of Humanities and Social Sciences, Pokhara University. It was initiated in 2004 with a Postgraduate Diploma leading to a Master's degree. This programme was launched under a tripartite agreement between Pokhara University, UNFPA, and the Government of Nepal to strengthen the university's capacities in teaching, research and training in the field of development incorporating the crosscutting issues of population and gender. It is an interdisciplinary course which aims to deal with the emerging thrust of the 21st Century with an aim to develop leadership for the future by producing career oriented professionals, keen academics, and social entrepreneurs in the field of population, gender and development.

Objective

The objective of the MPGD programme is to produce highly qualified development professionals, keen academics, and entrepreneurs professing theoretical and practical knowledge in Population,

Gender and Development. Fundamentally students would impart theoretical insights and technical knowledge on development issues and practical skills on related research. The programme constitutes the social engineering of population and gender with reference to development dimensions.

Career Opportunities

The MPGD graduates are most competent for professional jobs in the government and research, officer level and above posts in various NGOs/INGOs and CBOs in Nepal. They are in high demand at UN Organizations, including UN Volunteers in development and humanitarian fields. They also can work as development freelancer and consultants, as well researchers or run their own projects on social enterprises.

Course Structure and Curriculum

The MPGD course comprises a total of 60 credit hours spreading over four semesters. The courses are overhauled in 2015 and constitute distinct components: core area, interdisciplinary area, research area, analytical tools, and thematic area (specialized courses)

(BECS) – DAY SESSION

The Bachelor of English and Communication Studies (BECS) is a blended course between academic and professional orientation. It aims to produce graduates with competent academic, technical and practical knowledge, skill and technology to meet the national and international demand of professionals, communicators and enthusiast academics in English.

Objectives

The objectives of the Bachelor of English and Communication Studies (BECS) are to help students to develop their analytical skills by orienting them to the scholarly world of critical thinking and interdisciplinary knowledge in the integration of the twin disciplines of English and Communication studies; cultivate in their ability to shape ideas and foster values; expand students' personal and professional qualifications; develop in students the spirit of critical inquiry, ethical responsibility and personal fulfilment; and lead to life-long learning.

Career Opportunities

The Bachelor of English and Communication Studies (BECS) graduates become competent for professional jobs in the national and international institutions and organizations where English is the primary language for communication. They would fulfill the need of professionals required for the government, non-governmental organizations (NGOs), civil societies and research institutions; the United Nations system, foreign diplomatic agencies, multilateral organization, bilateral development cooperation agencies and INGOs; and the private sector (mainly in foreign companies, the tourism sector, import-export companies and logistics, banking and finance sector, and English language-based media). A good number of graduates are also expected to start their own enterprise in an area where English would be the official language.

Curriculum and the Course Structure

Bachelor of English and Communication Studies is a four years course having eight semesters (two semesters per year) with 120 credits with the following course structure:

TEACHING-LEARNING MODALITIES

USE use a range of pedagogical inputs that includes on-campus learning through lectures, classroom discussions, seminars, presentations, group work, case analysis, laboratory tests, guest lecture series, and off-campus learning through field study and workshop, project work, internship, on-line instructions, and internet conferencing.

PLANNING WORKSHOP

Both Master level programmes incorporate "Planning Workshop". Its aim is to provide orientation of professional environment among students. During the workshop, students will learn the practicalities of development issues so that they would be able to link their theoretical understanding with the real world situation. During the workshop, students will understand the major development problems in the underdeveloped, developing and frontier localities, their communities, groups and households including generalized development aspects of affairs and related planning. At the end of the workshop, students will be able to prepare

a planning document which will be ready to be implemented.

PROJECT WORK/INTERNSHIP

Bachelor level students (BDEVs & BECS) are required to go for development and professional exposure. In the fourth year, students will carry out an internship and intensive project work in their respective areas. During these projects students will learn practical aspects of methods, tools and techniques so that they would be able to bridge University learning with practice. At the end of these projects, students will prepare related report/term paper and present their work in a seminar.

GOOD REASONS TO JOIN THE SCHOOL OF DEVELOPMENT AND SOCIAL ENGINEERING

- All our programmes are fully career oriented.
- All programmes are financially reasonable (probably the lowest fees in their categories across universities in Nepal)
- Highly qualified and competent faculty members. We also invite guest faculties with national and international exposure
- Our facilities and equipment are of high quality.
- Rich library resource, comprising 30,000 textbooks, reference books, journals and periodicals, magazines and several major journals (online access) and e-resources.
- We are dedicated to create conducive academic environment and academic with human face along with a cordial student-faculty relationship.

ADMISSION ELIGIBILITY FOR BDEVs, BECS, MDEVs & MPGD

Anyone who has completed 10+2 or intermediate level or its equivalent in any discipline from a recognized HS Board/College is eligible for applying to BDEVs and BECS. Applicants are selected from a merit list of entrance examination conducted by the School of Development and Social Engineering.

Applicants who have completed Bachelor's Degree or equivalent in any discipline from a recognized university are eligible for applying to MDEVs and MPGD. Applicants are selected from a merit list of entrance examination conducted by the SDSE.

The Admission Procedures

A notice inviting applications for admission is publicly announced in newspapers and PU Website (www.pu.edu.np). Eligible applications have to attend entrance test (written exam followed by an interview) as applicable to qualify for admission.

Scholarship

A 20% scholarship quota is available for BDEVs/MDEVs/MPGD students. For this purpose, a separate application is required as per PU Scholarship Procedure and a separate procedure of entrance test is applied to select the students.

EXAMINATION SYSTEM AND DEGREE AWARD

Students Evaluation System

Students' academic performance during a semester will be evaluated internally (assignments, quizzes,

written tests, class room participation, presentations, etc.) and externally (final examination). The internal evaluation will be evaluated by the course coordinator and the weight of the internal evaluation will be 50 percent for Bachelor's Degree (BDEVs) and 60 percent for Master's degree (MDEVs/MPGD). Remaining 50 percent and 40 percent will be final examination, respectively, conducted by the Office of the Controller of Examinations.

Grading System

Pokhara University follows a four-point letter grade system. The grades awarded to a student in a course are based on his/her consolidated performance in internal and final examinations. The letter grade in any particular subject is an indication of a student's relative performance in that course.

Academic Schedule

The academic session consists of two semesters per year. Generally the Fall Semester (September – February) starts in September and the Spring Semester (March – July) begins in March. However it may differ slightly in any particular year.

Normal and Maximum Duration of the Programme

The normal duration for completing the course is eight semesters for Bachelor and four semester for Master. However, the students are allowed normal duration plus eight more semesters for bachelor and four more semester for master to complete the course. If a student is unable to complete the course within these criteria from the time of admission, the University registration will be annulled.

Attendance Requirement

The students must attend every lecture, tutorial, seminar, practical classes and field visits as specified. However, a minimum of eighty percent attendance in each subject is required to be qualified for the final examination.

Degree Awarded

- A student will be awarded a degree of Bachelor of Development Studies on completion of all requirements with CGPA of 2.0 or higher.
- A student will be awarded a degree of MDEVs/MPGD on completion of all requirements with CGPA of 3.0 or higher.

For undergraduate, to obtain a degree with Distinction, a student must obtain a CGPA of 3.60 or above. The students obtaining 3.70 or higher is given

he Dean's list award as a recognition of outstanding performance.

For graduate degree, to obtain a degree with Distinction, a student must obtain a CGPA of 3.70 or above. The students obtaining 3.80 or higher is given the Dean's list award as recognition of outstanding performance.

Fees

A modest fee is set for all programme. The fees are payable in installments each for valid semesters. In case a student cannot complete the programme in designated time period additional fees may be required to pay as examination fees.

FACILITIES AT SDSE

Computer and Internet

The BDEVs/MDEVs/MPGD programme maintains a

well-equipped computer lab with unlimited Internet facilities along with Local Area Network (LAN) and Radio Link Connections for Internet facilities.

Central Library

The university has well managed spacious central library within the academic complex. The library is digitally equipped with computers, CC camera and high-speed Internet service. It houses more than 30,000 textbooks, reference books, CDs, DVDs, and other e-sources.

Classes Equipped with Multimedia Projectors

The classrooms are spacious. Modern equipment like multimedia are used for lectures and presentations. The students are also motivated to use them for their presentations classes and demonstrations. In the Information Access Center (IAC) an IP-protocol based Conferencing System is available and accessible to special presentations.

Sports

For the overall development of students, participation in extracurricular activities and sports by the students is encouraged. The University is enriched with space for outdoor games like basketball, football, badminton and cricket.

Student Exchange program

Students have opportunities to participate in international visits and student exchange programme. Several students from MPGD and BDEVs have already been benefitted from various international visits. MDEVs students are also in the process of international exposure for academic and youth activities.

Transport Facility

Transport facility may be available (not guaranteed) for master level students (MPGD/MDEVs) to and from Pokhara Lekhnath downtown.

POKHARA UNIVERSITY

**Bachelor of
DEVELOPMENT STUDIES (BDEVS)**

School of Development and Social Engineering
Faculty of Humanities and Social Sciences

Message from the Dean

The growing demand for practical development professionals, dedicated development leadership, enthusiast social engineers and social entrepreneurs, as well as emerging visionary leaders and profound academics has become a great challenge for universities. The disciplinary courses with heavy emphasis on theoretical teaching have been out of track and unable to fulfill the demand of market oriented human resources. An interdisciplinary course on development and social engineering basically designed with simplified theories, participatory learning, technological insights, and practical skills with ample illustrations of practices is the way out to face those challenges, meet the market demand and enable its graduates to take the

leadership role in this area.

The school of Development and Social Engineering since 2010 is offering a Bachelor of Development Studies course. This is an eight semester course, can be completed in four years and meets all international standards and requirements. It is largely believed to meet the above mentioned market demand. The early years of admissions in this programme are encouraging. Similarly, the result declared so far show a very strong performance. I am quite convinced that the aspirants of profound bachelor studies would find this course a very attractive one for their studies and future career development. In the meantime, the School of Development and Social Engineering of Pokhara University

would successfully continue this course with high quality, achieve and maintain high academic standards so that its graduates would take the leadership role for the fulfillment of the development leadership and human resources need of the 21st Century both in public and the private sectors in the area of development and societal engineering.

Prof Indra Prasad Tiwari, PhD
Dean, Faculty of Humanities and Social Sciences

Introduction

Pokhara University (PU) is an autonomous and non-profit public institution dedicated to develop as a center of excellence for higher education by excelling teaching, learning and research activities; contributing to the national development process by producing job market oriented, responsible, productive, service oriented and committed human resource; and linking the university system with the national development services.

Established in 2009, the School of Development and Social Engineering (SDSE) is a constituent school under the Faculty of Humanities and Social Sciences of Pokhara University. SDSE is committed to pursuing high standard professional and academic excellence in the area of development and social engineering. Currently four programmes: PhD, Master in Population, Gender and Development (MPGD); Master of Development Studies (MDEVs) and Bachelor of Development Studies (BDEVs) are operational.

Bachelor of Development Studies (BDEVs)

The Bachelor of Development Studies (BDEVs) started from 2010 is a four year undergraduate programme at the School of Development and Social Engineering (SDSE), Faculty of Humanities and Social Sciences, Pokhara University. BDEVs is an interdisciplinary course with a total new focus. It aims to deal with the emerging thrust of 21st Century on development by producing high quality career oriented professionals, social and development entrepreneurs, and keen academics in the field of development.

Objective

The objective of the Bachelor of Development Studies (BDEVs) programme is to produce highly committed and competent development professionals, community planners and social workers, social entrepreneurs, enthusiast academics, and social and development leadership required to national and international development and social organizations for the 21st century. This is to achieve by imparting interdisciplinary knowledge in areas of development studies incorporating disciplinary and multidisciplinary stocks of knowledge from various disciplines of social sciences as well as management and technology to equip the students with analytical skills and methods, enhance practical skills, and foster inclusive democratic principles and practices.

Career Opportunities

The graduates from Bachelor of Development Studies have open opportunities in various fields of development and social engineering, including social work. There is a huge demand of development professionals in the government and the government funded development projects. A high paying career basically waits ahead in various development fields like International Development Agencies including UN agencies, bilateral and multilateral agencies, international non-governmental organizations (INGOs), non-governmental organizations (NGOs), community-based organizations (CBOs) and civil societies. It develops the main path to the career in social and development entrepreneurship. Similarly, there is a growing prospect to pursue higher studies within the country and abroad.

Teaching-Learning Modalities

SDSE will use a range of pedagogical inputs that includes on-campus learning through lectures, classroom discussions, seminars, presentations, group work, case analysis, laboratory tests, guest lecture series, and off-campus learning through field study and workshop, project work, internship, on-line instructions, and internet conferencing.

Project Work (Field-based): One of the most innovative teaching-learning modalities of BDEVs is the field-based Project Work. In the seventh and eight semesters, students will carry out intensive project works in the area of development. During the project work students will learn

Entry Requirement/Admission Eligibility

Anyone who has completed 10+2 or intermediate level or its equivalent in any discipline from a recognized HS Board/College is eligible for applying to BDEVs. Applicants are selected from a merit list of entrance examination conducted by the School of Development and Social Engineering.

The Admission Procedures

A notice inviting applications for admission is publicly announced. The application forms and information brochures are provided, on request, or can be downloaded from the University's website (www.pu.edu.np). Completed forms are to be submitted with necessary documents along with prescribed fee on designated place(s).

Applications are scrutinized and the eligible candidates have to attend entrance test on the designated date and venue by the School. A written exam followed by an interview may be arranged for selection of students. A combined score of entrance test, interview and academic records is derived for result and merit list for admission.

Candidates, who could not submit necessary documents due to unavoidable reasons may be given provisional admission under special condition, are required to submit all necessary documents within a month of the beginning of regular classes. Admission will be annulled otherwise.

the practical aspects of development and its management so that they would be able to link the university learning with practice. At the end of the project works, students will prepare term papers and present their work in a seminar.

Internship: One of the common modalities of teaching profession and technical subjects is the internship. In the eighth semester students will choose a development office or established CBO/NGO/INGO and undergo the internship study. The SDSE will coordinate and facilitate students during the Internship.

Scholarship

A 20% scholarship quota is available for BDEVs students. For this purpose, a separate application is required as per PU Scholarship Procedure and a separate procedure applied to select the students. A scholarship recipient expected to obtain a SGPA of 2.0 throughout the program though individual course can be passed at D (1.0) grade. A SGPA must not fall below 2.0 for two consecutive semesters. If the performance of a scholarship recipient student in the past two consecutive semesters does not maintain 2.0 SGPA, the student may be annulled from the scholarship and he/she may need to pay remaining fees to continue and complete his/her remaining study.

Examination System and Degree Awarded

Students Evaluation System

Students' academic performance during a semester will be evaluated internally (assignments, quizzes, written tests, class room participation, presentations, etc.) and externally (final examination). The assignments will be evaluated by the course coordinator and the weight of the internal evaluation will be 50 percent. Remaining 50 percent will be final examination, conducted by the Office of the Controller of Examinations. To pass a particular course, a student must obtain a minimum of D grade in internal evaluation and the final examination separately in every course.

Grading System

Pokhara University follows a four-point letter grade system. The grades awarded to a student in a course are based on his/her consolidated performance in internal and final examinations. The letter grade in any particular subject is an indication of a student's relative performance in that course. Letter grades awarded for the undergraduate range between A and D referring A for 'Excellent' and D for 'Satisfying minimum requirement for credit'. An F grade in a particular subject is Fail.

Letter grades awarded for the undergraduate are as follows:

Letter Grade	Honor Point (Percentage)	Grade Point Description
A	4.0	Excellent
A-	3.7	
B+	3.3	
B	3.0	Good
B-	2.7	

Academic Schedule

The academic session consists of two semesters per year. Generally the Fall Semester (August - December) starts in August and the Spring Semester (March - June) begins in March. However it may differ slightly in any particular year.

Normal and Maximum Duration of the Programme

The normal duration for completing the course is eight semesters. However, the students are allowed normal duration plus eight more semesters to complete the course. If a student is unable to complete the course within eight years (sixteen semesters in total) from the time of admission, the University registration will be annulled.

Attendance Requirement

The students must attend every lecture, tutorial, seminar, practical classes and field visits as specified. However, a minimum of eighty per cent attendance in each subject is required to be qualified for the final examination.

Degree Awarded

On completion of all requirements with CGPA of 2.0 or higher, a student will be awarded a degree of Bachelor of Development Studies.

C+	2.3	
C	2.0	Fair
C-	1.7	
D+	1.3	
D	1.0	
F	0.0	Fail

*work satisfying minimum requirement for credit.

The performance of a student in a semester will be evaluated in terms of the semester grade point average (SGPA). The student's final grade will be calculated on cumulative grade point average (CGPA). SGPA and CGPA can be calculated as:

$$SGPA = \frac{\text{Total honor points earned in a semester}}{\text{Total number of credits registered in a semester}}$$

$$CGPA = \frac{\text{Total honor points earned during the whole program}}{\text{Total number of credits completed during the whole program}}$$

Distinction and Dean's List

To obtain a degree with Distinction, a student must obtain a CGPA of 3.60 or above. The students obtaining 3.70 or higher is given the Dean's list award as a recognition of outstanding performance.

Fees

A modest fee is set for this programme. The fees are payable in three instalments each for eight semesters. In case a student cannot complete the programme in designated time period additional fees may be required to pay as examination fees. The total amount of fees for the whole programme will be informed verbally if asked, and a slip with detailed fees by year and types will be provided along with the Admission Form.

Facilities at SDSE

Computer and Internet

The BDEVs programme maintains a well-equipped computer lab with unlimited Internet facilities along with Local Area Network (LAN) and Radio Link Connections for Internet facilities.

Teach For Nepal Fellowship 2020 Selection Decision

Offer of Fellowship

Dear Nabita ji,

Congratulations! We are pleased to inform you that you have been selected for the Teach For Nepal Fellowship 2020-2022. **On behalf of the entire Teach For Nepal team, welcome to the movement that will change Nepal!**

As a Fellow in the 2020-2022 cohort, you will be in the company of some of the best and brightest future leaders of our country, united under the vision that one day all children in Nepal will have access to an excellent education. You are among the selected 7% of the candidates who applied for the Fellowship.

Over 90% of children who go to private schools in Nepal successfully complete Grade 10 every year. However, about 15,00,000 public school students failed to complete school in the last 10 years. A major proportion of these children will lack the power and opportunity to decide their own future. At Teach For Nepal, we believe that with the commitment and passion of outstanding individuals like yourself, we will soon achieve equity in education quality for all children in Nepal.

This path begins with a two-year teaching commitment through which you will change the course of your students' lives by helping them make dramatic academic and life-skills gains. You will join the ranks of Fellows who go above and beyond traditional expectations of teachers, by investing other school staff, children's parents and entire communities in their students' success.

While the journey will not be an easy one, we know that you have the resilience to persevere in the face of all challenges. We will continuously support and facilitate your growth as a transformative teacher and as a life-long leader who will contribute to the mission of ending education inequity, beyond these two years.

Please find your TFN Fellowship Contract Paper attached herewith. Should you have any queries, please feel free to reach out to us.

Please confirm **within two weeks of this email** in writing, your response to this offer.

Again, congratulations on this achievement and welcome to Teach For Nepal movement! We look forward to working with you in coming days.

Sincerely,

The Recruitment and Selection Team

Master Programs

Master in Population, Gender and Development (MPGD)-Morning Session

The Master in Population, Gender and Development (MPGD) is a graduate program at the School of Development and Social Engineering (SDSE), Faculty of Humanities and Social Sciences, Pokhara University. It was initiated in 2004 with a Postgraduate Diploma leading to a Master's degree. This program was launched under a tripartite agreement between Pokhara University, UNFPA, and the Government of Nepal to strengthen the university's capacities in teaching, research and training in the field of development incorporating the crosscutting issues of population and gender. It is an interdisciplinary course which aims to deal with the emerging thrust of the 21st century with an aim to develop leadership for the future by producing career oriented professionals, academicians, and social entrepreneurs in the domain of population, gender and development.

Student's - Perspectives - 1

Objectives

The objective of the MPGD program is to produce highly qualified development professionals, keen academics, and entrepreneurs professing theoretical and practical knowledge in Population, Gender and Development. Fundamentally, students would impart theoretical insights and technical knowledge on development issues and practical skills on related research. The program constitutes the social engineering of population and gender with reference to development dimensions.

Bidur Bastola
Ex-Student, MPGD
1st Batch
MEAL Manager, DCTA Nepal
(Danish Organization)

I was one of the promising students of MPGD first batch. After completion of the university degree, I got an opportunity to work in different International Non-Government Organizations (INGOs). The theoretical insights and practical knowledge, learned during my academic study highly supported me to get opportunities in INGOs. At present, I am working in Denmark based INGOs in a portfolio of Planning, Monitoring, Evaluation and Learning Manager having responsibility for Nepal and Bangladesh country program. I am very much thankful to SDSE and its entire faculty members for making me proficient to compete with overseas university products.

Career Opportunities

The MPGD graduates are most competent for professional jobs in the government and research, officer level and above posts in various NGOs/INGOs and CBOs in Nepal as well as in international arena. They are in high demand at UN Organizations, including UN Volunteers in development and humanitarian fields. They can also work as development freelancers, consultants and researchers or run their own projects on social enterprises.

Course Structure and Curriculum

The MPGD course comprises a total of 60 credit hours spreading over four semesters. The courses are overhauled in 2015 and constitute distinct components: core area, interdisciplinary area, research area, analytical tools, and thematic area (specialized courses)

Student's Perspectives - 2

Madhu K. Thapa
Ex-Student, MPGD
1st Batch

I always feel that my decision to join Masters in Population Gender and Development (MPGD) course was one of the best decisions I have ever made. The course not only offered me fresh insight over issues of poverty, inequality, injustice and underdevelopment but also ignited passion to work for community development. With the new knowledge and skills gained from MPGD, I am able to pursue my career in NGO sector. As a graduate of MPGD, I started working with an NGO. Currently, I have been working in one of the reputed International Development Organizations that has been supporting people to live meaningful life.

SDSE is like a shrine of knowledge to the aspiring students. MPGD program has helped me to build leadership capacity in a friendly environment. the courses are well designed to meet the challenges of this 21st century. Different modern methodologies, technologies and facilities are employed in class room practices to enhance better learning skills. The opportunities to participate in the workshops, conferences, seminars and field visits are praiseworthy.

Master of Development Studies (MDEVs)- Morning Session

First enrollment commenced in 2015, Master of Development Studies (MDEVs) is a graduate program at the School of Development and Social Engineering (SDSE) under the Faculty of Humanities and Social Sciences, Pokhara University. It is an interdisciplinary course which aims to deal with the academic tools, practical skills, and real word opportunities necessary to advance as leaders in professions and communities.

Objectives

Equip students with intellectual insights, technical know-how, and practical skills through inter disciplinary understanding, observation and experiment of the concerned subjects.

Provide students learning opportunities in contemporary and frontier fields of development: art, science and technology, thus the students can take the leadership role in the field of humanistic, spatial and environmental development at the national human resources market and social enterprises, as well as be ready to accept the international professional, academic and entrepreneurial challenges.

Student's Perspectives-4

Career Opportunities

There is a very high demand of bureaucrats, development professionals, development analysts, social leaders and development entrepreneurs in the overall government system, international organizations, bilateral and multilateral development agencies, NGOs/INGOs, civil societies, social enterprises, and government which can easily be fulfilled by the academic degree of MDEVs since development science and technology has been emerged as one of the major areas of studies with interdisciplinary pedagogy.

Nupur Gupta
Ex- Student, MDEVs
Officer, INSEC

After doing my Bachelors in Health Management Sector, I was looking for a Master Program with a focus on developmental issues. As I came to know that the course is only offered at SDSE in Pokhara University, without a second thought I got enrolled in MDEVs and soon realized my decision as the best one. The interdisciplinary courses provided me the chance to do research in development sectors, broadened my view on global issues and motivated me to seek career in this field.

Course Structure and Curriculum

MDEVs is a two years course having 4 semesters (two semesters per year) with 60 credits. The courses consist of core courses (24 credits); research, analytical and practicum courses (24 credits) and specialization courses (12 credits).

Student's Perspectives-5 1676

Kamal Dawadi
(MDEVs 3rd
semester topper)

I would like to welcome the prospective students to SDSE. Here, you will find a suitable learning environment. Since the area of development studies is highly valued in modern times, as a student of SDSE, you will get opportunities to understand social, economic, political, cultural and technological facets of social change. As most of the programs are multidisciplinary in nature, SDSE would be the centre of brilliance to advance your academic career. Moreover, you will get chance to lift up your critical and creative thinking through theories and practices.

Sandip Adhikari
(MDEV5 1st
semester topper)

The concept of globalization has made the earth as a common village but due to modernization and busy life schedule, the thoughts of people is being narrower and has created barriers among ourselves. Today, most people are abandoning their social norms and values, ethics and professionalism which have negative impacts on our lifestyle.

Being a responsible citizen of this country, it is my duty to contribute something valuable for the advancement of my society and nation where I have been grown up. For this, social engineering has a great role in this modern society to change the attitude and thoughts of the people so that a good environment can be developed where all the people can live, grow and enjoy their lives freely and spread the feelings of brotherhood and friendliness. I hope, as a centre of educational excellence, SDSE would transform us into a scientific, philosophical and spiritual being.

Bachelor Programs

Bachelor of Development Studies (BDEVS)-Day Session

The Bachelor of Development Studies (BDEVS) started from 2010 is a four year undergraduate program at the School of Development and Social Engineering (SDSE) under the Faculty of Humanities and Social Sciences, Pokhara University. BDEVS is an interdisciplinary course with a total new focus. It aims to deal with the emerging thrust of 21st Century on development by producing high quality career oriented professionals, social and development entrepreneurs, and keen academics in the field of development.

Objectives

The objective of BDEVS program is to produce highly committed and competent development professionals, community planners and social workers, social entrepreneurs, enthusiast academics, and social and development leadership required to national and international development and social organizations for the 21st century. This is to achieve by imparting interdisciplinary knowledge in areas of development studies incorporating disciplinary and multidisciplinary stocks of knowledge from various disciplines of social sciences as well as management and technology to equip the students with analytical skills and methods, enhance practical skills, and foster inclusive democratic principles and practices.

Career Opportunities

The graduates from Bachelor of Development Studies (BDEVS) have open opportunities in various fields of development and social engineering, including development professionals in the government and government-funded development projects; international development agencies including UN agencies, bilateral and multilateral agencies; international non-governmental organizations (INGOs), non-governmental organizations (NGOs), community-based organizations (CBOs), civil societies, and social work. It develops the main path to the career in social and development entrepreneurship. Similarly, there is a growing prospect to pursue higher studies within the country and abroad.

Course Structure and Curriculum

The BDEVS course constitutes 129 credits including high range of optional subjects, spreading over eight semesters in the following distinct areas:

Swikriti Adhikari
(BDEVS 3rd semester
topper)

I have a dream to develop my leadership and my personality through sound academic practices. I have had a pleasant platform to fulfill my desire in SDSE. The courses here are not only rich enough for our career advancement but also influential to produce moral citizen required for the betterment of humanity. I have foreseen many career opportunities in my life

Monika Ranabhat
(BDEVS 5th
semester topper)

Since my childhood I always had a dream to use my voice for those whose voices are unheard and disregarded. Discerning the development failures in Nepal, I realized, there are many social changes neglected in here and lack of initiatives to mitigate such stigmas for the betterment of people. After I accomplished my intermediate level, I was scouring the websites of esteemed universities in Nepal and I found an amazing course in development studies and social engineering at Pokhara University and which matched with my aspirations and ambitions. The education here, has been providing me a solid foundation for a career in development sector, and I am enthralled, I decided to choose BDEVS.

Sagar Sunuwar
(BDEVS 1st semester
topper)

I have great enthusiasm to serve my country as an efficient development worker. I have great thirst on knowledge regarding development studies. This very reason became the major foundation that paved my academic career to BDEVS program in SDSE.

As a common student, I also had the feeling of excitement and fear regarding the further academic path after +2 graduation. When my eyes jammed on SDSE Information Brochure, I was fascinated with the courses of BDEVS at once. Here, I am learning to plan sustainable development policies, tackle existing social problems, and make research on

Student's Perspectives - 10 1679

Monika Budhathoki
BDEVs entrance
winner

I am very proud to be the student of BDEVs. The program is supplemented with theories and practices required to produce efficient human resources needed for the contemporary society. The generous guidance of my respected professors are helping me to explore my potentiality and skill.

Bachelor of English and Communication Studies (BECS)-Day Session

The Bachelor of English and Communication Studies (BECS) is a blended course between academic and professional orientation. It aims to produce graduates with competent academic, technical and practical knowledge, skill and technology to meet the national and international demand of professionals, communicators and enthusiast academics in English.

Objectives

The objectives BECS are to help students to develop their analytical skills by orienting them to the scholarly world of critical thinking and interdisciplinary knowledge in the integration of the twin disciplines of English and Communication studies; cultivate in their ability to shape ideas and foster values; expand students' personal and professional qualifications; develop in students the spirit of critical inquiry, ethical responsibility and personal fulfilment; and lead to life-long learning.

Career Opportunities

BECS graduates become competent for professional jobs in the national and international institutions and organizations where English is the primary language for communication. They would fulfil the need of professionals required for the government, non-governmental organizations (NGOs), civil societies and research institutions; the United Nations system, foreign diplomatic agencies, multilateral organization, bilateral development cooperation agencies and INGOs; and the private sector (mainly in foreign companies, the tourism sector, import-export companies and logistics, banking and finance sector, and English language-based media). A good number of graduates are also expected to start their own enterprise in an area where English would be the official language.

Course Structure and Curriculum

Bachelor of English and Communication Studies is a four years course having eight semesters (two semesters per year) with 120 credits with the following course structure:

Student's perspective

Kshitiz Rana
(BECS 3rd semester
topper)

I feel extremely lucky to be a student of a world class program BECS. It has been two years since I joined BECS and therefore, I have found it truly multidisciplinary. It borrows stocks of knowledge from various disciplines like science and technology, religion, philosophy, law and many more. This unique blend of diverse disciplines makes students competent for both national and international career opportunities. Moreover, the variety of courses it offers helps students to develop critical thinking and to foster intellectual and interpersonal skills. I would like to invite perspective students to join BECS to materialize their dream for excellence in English and communication.

Student's Perspectives - 12 1681

The most important thing for me about the university experience is the chance to grow as an assertive person. BECS program has truly exceeded my expectations. The courses are combined with multidisciplinary theories and practices, that allow students to experience the real world of knowledge and wisdom. The professors are cooperative, helpful and experienced. SDSE has really been a wonderful place to heighten my academic career. After an unforgettable year of experience as a student of BECS

INTRODUCTION

Pokhara University (PU) is an autonomous and nonprofit public institution dedicated to develop as a center of excellence for higher education by accomplished teaching, learning and research activities. Our primary aim is to enhance the national development process by producing career and service oriented responsible, productive, and committed human resources who can bridge the university system with the national development services.

The School of Development and Social Engineering (SDSE) was established as a constituent school under the Faculty of Humanities and Social Sciences of Pokhara University in 2009. In its initial stage, SDSE acquired ownership of two of the already existed Programmes; Post-graduate Diploma in Population, Gender and Development Programme (2004) and Master in Population, Gender and Development (2005). The School SDSE is committed to pursuing highly standard professional and academic excellence in the area of development and social engineering.

Currently, four programmes: Master of Development Studies (MDEVs), Master in Population, Gender and Development (MPGD), Bachelor of Development Studies (BDEVs) and Bachelor of English and Communication Studies (BECS) are under operation. In addition to these courses, Doctoral programmes are also running under the Council for Doctoral Studies managed by Faculty of Humanities and Social Sciences.

तनहुँ

श्रीकृष्ण जन्माष्टमी अवसरमा दमौलीमा १००८ युवा भजनकीर्तन र शोभायात्रामा सहभागी भएका छन्।

वैदिक सनातन हिन्दू धर्म, भाषा र संस्कृतिको संरक्षण गरौं, राष्ट्र र राष्ट्रियताको चौतर्फी विकासका लागि अगाडि बढौं भन्ने नाराका साथ उनीहरू भजनकीर्तन र शोभायात्रामा सहभागी भएका हुन्। व्यास क्षेत्र विकास कोष समिति तनहुँले गरेको शोभायात्राले दमौली बजार पार्कमा

गरेको थियो।

कार्यक्रममा श्रीकृष्ण प्रणामी युवा परिषद् तनहुँ, ब्रह्मकुमारी राजयोग, श्रीसत्य साई केन्द्र, हरि ॐ साधक परिवार, गोरक्ष निखिल, वेदानुयायी प्रतिष्ठान केन्द्र नेपाल तनहुँ, डिभाईन युथ क्लब, सत्य सनातन संस्कृति समाज, विश्व हिन्दू महासंघ लगायतका धार्मिक संस्थाहरू सहभागी थिए।

सहभागीहरू नाचदै, गाउँदै, बजाउँदै कृष्णको जय जयकार गर्दै आपसमा केशरी, अविर्को गलक लगाउँदै कृष्णजन्माष्टमीको

शुभकामना आदानप्रदान गरेको विश्व हिन्दू महासंघका केन्द्रीय सदस्य तुलसीशरण सिग्देलले बताए।

व्यास अन्न क्षेत्र संरक्षक गोविन्द बाबाले युवाको बाक्लो सहभागिताले आफूलाई छुट्टै आनन्द महसुस भएको बताए।

हिन्दू धर्मप्रति युवाको भुकाव र सद्भावले आध्यात्मिक क्षेत्रमा ठूलो हलचल ल्याएको भन्दै व्यास नगरका प्रथम नगर प्रमुख ताराप्रसाद श्रेष्ठले आध्यात्मिक चिन्तनबाटै देशको सर्वोपरी विकास हुने बताए।

INTRODUCTION

Pokhara University follows the semester system. The university adopts the practice of continuous evaluation of a student's performance and allows the student, subject to the regulation of credit requirements, to progress at a pace suited to his /her individual ability and convenience. The instructor is responsible for internal evaluation of the student and the office of the Controller of Examinations conducts the semester -end examination. Each course has a certain credit hours assigned to it depending on the number of lectures, tutorials and practical work hours in a week. Normally one credit is equivalent to one hour lecture per week per semester. The minimum number of class hours for a course of three credit hours in a semester is, therefore, appx. 48. If a course is taught by more than one instructor, one of the instructors will coordinate that course.

MEDIUM OF INSTRUCTION & EXAMINATION

Pokhara University has adopted English as the language of instruction and examination except stated otherwise.

ACADEMIC SCHEDULE

An academic year of the University consists of two semesters of 16 weeks each. The fall semester starts in September and the spring semester in March. Fresh Admissions are normally made at the beginning of the fall semester.

PROCEDURE FOR ADMISSION

A notice inviting admission is publicly announced. The application forms and information brochures can be collected from the University office on payment of the assigned fee.

The concerned college scrutinizes the applications and invites the eligible candidates to take the entrance test. The date and time for the entrance test is informed to the prospective students by the college. The college may also interview the candidates for final selection for admission.

The candidates, who are given provisional admission, pending the submission of the qualifying certificates, will be required to submit their qualifying certificates within a month of admission. In case of default the admission may be cancelled.

NORMAL AND MAXIMUM DURATION OF STAY AT THE COLLEGE

The normal and the maximum duration for the completion of the requirements for the various programs are as follows:

Nature of Program	Normal Duration	Maximum Duration
General Programs	3/4 Years (6/8 Semesters)	6/8 Years (12/16 Semesters)
Technical Programs	4/5 Years (8/10 Semesters)	8/10 Years (16/20 Semesters)

COURSE REGISTRATION

case of illness or any emergency circumstances, he/she must inform the principal or head of the institution. Only in rare cases, the principal/director may allow registration in the candidate's absence. The student's nominee cannot register for the courses but may complete other formalities.

ADDITIONS AND WITHDRAWAL FROM COURSE

Students wishing to add or withdraw a course or courses must do so by petitioning to the principal's office in the first week of the semester. A student wishing to withdraw from the course should apply on the prescribed form within one month of the start of the semester. A full-time student must register all the courses offered in the concerned semester. However, he/she is allowed to register additional three retake courses, but a final year student is allowed to register four additional courses and a non-regular student is allowed to register 24 credit hour courses.

SEMESTER WITHDRAWAL

A student may apply for withdrawal from the entire semester on medical grounds only. The Principal / Director will examine the application for semester withdrawal and take the appropriate decision. No partial withdrawal of the courses registered in a semester will be considered.

ADMISSION REQUIREMENTS

The student is expected to attend every lecture, tutorial, seminar and practical class. However, to accommodate for late registration, sickness and other such contingencies, the total attendance has to be at least 80% of the classes actually held. If the student is continuously absent from the college for more than four weeks without notifying the head of the institution, his/her name will be removed from the college rolls.

REPEATING A COURSE

A course may be taken only once for a grade, except when a student receives a failing grade. Since passing each course is an essential requirement to obtain a degree, the student must retake the course in which he/she has failed when it is offered by the college and must successfully complete it.

Within the maximum duration allowed for the program, a student may be allowed to retake a maximum of two passed courses in order to achieve a minimum CGPA of 2 in the under-graduate level and 3 in the graduate level. The grade(s) earned on the retake exam will be substituted for the previously earned grade(s) in the course(s).

EVALUATION SYSTEM

A student's performance in a course is evaluated in two phases: a) internally by the concerned faculty member through quizzes, tutorials, lab works, home assignments, class tests, class participation, term papers, etc. and b) externally by the office of the controller of examinations through semester-end examinations. The student must pass both the internal and the external examinations separately.

The grades awarded to a student in a course are based on his/her consolidated performance in both these types of evaluations. The weightage given to internal evaluation is 50% for the undergraduate program, and 60% for the graduate program. Similarly, 50% weightage in undergraduate programs and 40% weightage in graduate programs are assigned to the end of the semester examinations.

GRADING SYSTEM

Letter Grade	Honor Point	
A	4.0	Excellent
A-	3.7	
B+	3.3	
B	3.0	Good
B-	2.7	
C+	2.3	
C	2.0	Fair
C-	1.7	
D+	1.3	
D	1.0	Work satisfying minimum requirement for credit
F	0.0	Fail

Graduate Level

Letter Grade	Honor Point	
A	4.0	Excellent
A-	3.7	
B+	3.3	Good
B	3.0	Fair
B-	2.7	
C+	2.3	
C	2.0	Work satisfying minimum requirement for credit.
F	0.0	Fail

Only in very rare and unusual circumstances, if a student fails to finish all the requirements for a course, he/she may be awarded an incomplete grade, 'I' if all the requirements are not completed within the following semester, the grade of 'I' will automatically be converted into an 'F'.

The performance of a student is evaluated in terms of two indices: a) Semester Grade Point Average (SGPA) which is the grade point average of the particular semester and b) Cumulative Grade Point Average (CGPA) which is the grade point average of all the semesters taken together.

$$\text{SGPA} = \frac{\text{Total honor points earned in a semester}}{\text{Total number of credits registered in a semester}}$$

$$\text{CGPA} = \frac{\text{Total honor points earned}}{\text{Total number of credits completed}}$$

GENERAL GUIDELINES FOR AWARDING A GRADE

Awarding the Final Grade

Cumulative total score for the purpose of awarding the final grades in a scale of 0 to 100 is calculated as follows:

0.50 IEM + 0.50 EEM

Where,

IEM= Internal Examination Marks

EEM=External Examinations marks

This rule is, however, subject to rule (12.5)

In a specific course, subject to approval of the examination board, direct final grade may be awarded based on the student's performance as evaluated by the faculty.

Normal Criteria for Awarding Final Grade

The following criteria will normally be used to award a grade in each subject based on the cumulative total score on scale of 0 to 100:

Undergraduate Level

1. A (90 and above)
2. A- (85 and above, but below 90)
3. B+ (80 and above, but below 85)
4. B (75 and above, but below 80)
5. B- (70 and above, but below 75)
6. C+ (65 and above, but below 70)
7. C (60 and above, but below 65)
8. C- (55 and above, but below 60)
9. D+ (50 and above, but below 55)
10. D (45 and above, but below 50)
11. F (below 45)

Graduate Level

1. A (90 and above)
2. A- (85 and above, but below 90)
3. B+ (80 and above, but below 85)
4. B (75 and above, but below 80)
5. B- (70 and above, but below 75)
6. C+ (65 and above, but below 70)
7. C (60 and above, but below 65)
8. F (below 60)

Adjustment of Letter Grade

The cut off point for each letter grade may be slightly adjusted on a particular examination based on the level of difficulty of the question set as determined statistically using standardized normal distribution and natural breakpoints. The examination board of students appearing in a particular examination is less than 30.

Pass Marks in Internal and External Examinations

The pass marks for internal examination are 45% for the undergraduate level and 60% for the graduate level. Students failing in internal examination will be "Not Qualified" to appear in the end of the semester examination. Pass marks for the end of the semester examination are also 45% for undergraduate level and 60% for the graduate level. The pass marks cut of points in the end of the semester examination for a particular course may be slightly adjusted statistically on the basis of break points in student's scores. Such adjustment will be based on the relative performance of the student as recommended by the Scrutiny Board and approved by the examination Board.

Congruency Between Internal and External Marks

A slightly higher internal examination marks than external examination marks will not be considered abnormal. However, if the marks in internal examination substantially and unacceptably exceed the marks in external examination, the internal examination marks will be questionable. Internal examination marks in a subject of a batch of students of a particular college will be considered to substantially and unacceptably exceed the respective external examination marks, if the former exceeds the later on an average by more than 25%.

In order to discourage this tendency and to ensure greater fairness in student grades across various colleges and over a period of time, the occurrence of substantially and unacceptably higher internal examination score, no matter whatever is written in rule (12.2) will be penalized by reducing the weight age of the internal examination by 50%. Correspondingly, the weight age of the external examination will be increased.

examination are expected to secure A and B letter grades respectively in a course.

DEGREE WITH DISTINCTION

To obtain a degree with distinction, a student must obtain a CGPA of 3.60 or better in the undergraduate level and 3.75 or better in the graduate level.

DEAN'S LIST

The Dean's list recognizes outstanding academic performance. To qualify, a student must obtain a CGPA of at least 3.7 in the undergraduate level and 3.8 in the graduate level.

DISMISSAL FROM THE PROGRAM

A student is normally expected to obtain a CGPA of 2.0 in the undergraduate level and 3.0 in the graduate level. The student whose performance in the past semesters does not show the possibility of maintaining this CGPA, may be dismissed from the program.

TRANSFER OF CREDIT HOURS

A maximum of up to 25% of the total credit hours of course work completed in an equivalent program of a recognized institution may be transferred / waived for credit on the recommendation of the head of the faculty. For transfer of credit, a student must have received a grade of 'B' or better in the respective course. Courses taken earlier than five years may not be accepted for transfer of credit. However, a student transferring from one program of Pokhara University may receive a credit transfer of all the compatible courses completed with at least grade 'C' in the undergraduate level and grade 'B' in the graduate level.

UNFAIR MEANS

Students are strictly forbidden from adopting unfair means in class assignments, tests, report writing and final examination. Any of the followings would be considered as adoption of unfair means during examination:

- Receiving unauthorized help from fellow students
- Copying from another student's script / report / paper.
- Copying from disk, or palm of hand or other incriminating documents.
- Possession of any incriminating document whether used or not. Any approach in direct or indirect form to influence the teacher / examiner concerning grade.
- Unruly behavior, which disrupts academic program.

If the instructor / invigilator detects a student using unfair means, the student may be given an 'F' grade at the discretion of the examination board. Moreover, adoption of unfair means may result in the dismissal of the student from the program and expulsion of the student from the college and as such from Pokhara University.

MONITORING OF STUDENTS ACADEMIC PERFORMANCE

Students academic performance in each semester will be monitored and those doing poorly will be advised to improve their performance in subsequent semesters. In case a student fails to satisfy the minimum academic criteria laid down for continuation as a student at the end of each year, his/her registration will be terminated. The termination of registration of a student due to

The Controller of Examinations is responsible for conducting all the end of semester examinations of the University. The examination timetable will be released no later than two weeks prior to the start of the examination period and the time, date, duration, and examination centers will be specified. It is the candidates responsibility to attend the end of the semester examination at the correct time and place and to comply with the examination rules.

The Controller of Examinations will publish the official results of the examinations and make the results available to the concerned college(s). It is the responsibility of the candidates to make themselves aware of their results. Students are responsible for reviewing records carefully to ensure that they are completing all degree requirements.

The Controller of Examinations will make arrangements for graduation ceremonies. A graduate wishing to attend the graduation ceremonies should complete a diploma request form with the office of the Controller of Examinations. Degrees, Diplomas, honors and medals will be awarded to graduates at the graduation ceremonies. Students who need official verification of apply for transcripts from the office of the Controller of Examinations.
